IMPORTANT DECISIONS

State Supreme Court Prevents Building Proposed Cut-off From Platte Canon to Cripple Creek.

Special [illegible] Gazette

—A number of very im[illegible] were handed down by [illegible] city today [illegible] in a lengthy opin[illegible] Gabbert held that [illegible] of land [illegible] to railroad uses [illegible] of the De[illegible] company against the [illegible] Colorado & South[illegible] have the effect of [illegible] the Colorado [illegible] the Denver Powe[illegible] the right to [illegible] which would have [illegible] road. The Power & [illegible] for a reservoir [illegible] enough to [illegible] all the [illegible] in this city. Some [illegible] & Southern tracks [illegible] are to be [illegible] land is a long [illegible] filed on the land and [illegible] grading between that [illegible] ago numerous [illegible] companies filed on the [illegible] used it for [illegible] the Irrigation company [illegible] for a reservoir site [illegible] feet high which [illegible] property [illegible] that they were [illegible] railroad purposes [illegible] holding that the [illegible] title because [illegible] time prescribed in [illegible] papers. Today's dec[illegible] company the right to [illegible] irrigation and electri[illegible] the company carri[illegible] will mean the erection of [illegible] power plants [illegible] of the Mis[illegible] means the pr[illegible] most [illegible] route [illegible] line from Cripple Creek to Denver

The supreme court also held that the Postal Telegraph company many con[illegible] telegraph lines along the right of way of the Union Pacific railroad [illegible] the construction of the [illegible] has been between the Postal [illegible] side and the Union Pacific and Western Union on the other

The court also decided that no sale of [illegible] of water rights nor of the land supplied shall be allowed to rob land which for years has been irrigated from the same source of supply of its rights in the matter. The [illegible] decided was [illegible] the new Cache la Poudre Irri[illegible] company against the Water Supply & Storage company of Larimer county

Judge Mullens today rendered a de[illegible] declaring null and void that part of an accident insurance policy which declares that the policy holder must notify the company of accident within 10 days or forfeit all rights to claim. The court held that such a proposition was absurd. The decision was in the [illegible] J O Thompson against the Phoenix Indemnity company. Thompson was working at Eureka Colo when he was struck on the head by a falling timber and did not regain con[illegible]ousness for over 10 days after the accident happened. The insurance company was notified as soon as he re[illegible] gained consciousness but it refused to pay on the ground that the 10 day noti[illegible]cation limit had expired. The court held that Thompson was in no way re[illegible]sponsible for the limit having expired and decided in his favor

COLORADO'S DEMURRER OVERRULED

[illegible] the Gazette

[illegible] April [illegible]—The supreme court of the United States [illegible] ruling the demurrer filed by the state of Colorado in the suit [illegible] by the state of Kansas to enjoin Colorado citizens from the [illegible] waters of the Arkansas river decided to go into all details [illegible] as to the use of water from the Arkansas river from both [illegible] so that the merits of the controversy may be passed upon and the [illegible] interstate use of waters be definitely and finally decided

[illegible] the opinion delivered by Chief Justice Fuller the court holds first [illegible] that it has jurisdiction of this nature at the same time the court [illegible] its unwillingness to decide the question on the technicalities pre[illegible] in the demurrer. The record should show on proofs all facts [illegible] instances and conditions of the water supply in both states in order [illegible] the court may either grant modify or deny the relief sought or any [illegible] by complainant's bill

The court states that in view of the intricate questions involved it is [illegible] proceedings until all facts are before it relative to [illegible] conditions in both states

[illegible] the decision Representative Shafroth said

[illegible] the court has overruled the demurrer of Colorado it how[illegible] expressly stated that it did not feel at liberty to pass upon the mat[illegible] except after testimony is taken in the case and it reserved [illegible] on all of the leading points that will arise in the litigation. Al[illegible] this apparently is a defeat for Colorado's first position yet the [illegible] is so reserved that it may well be said that it is as a drawn battle [illegible]

[illegible] will now be required to answer and testimony both for the [illegible] Kansas and for Colorado will have to be presented to the su[illegible] court

FOWLER BANK ROBBED

By Associated Press

[illegible] April 7—The Bank of Fowler was successfully raided after midnight [illegible] by four burglars [illegible] daylight this morning [illegible] caught and are now [illegible] in jail

[illegible] prosperous town in the [illegible] district [illegible] miles down the [illegible] Two explosions [illegible] shattered the safe in [illegible] the thieves siezed money [illegible] of $1 100 and made the [illegible] stover named McMasters [illegible] mining west and fired sever[illegible] without effect

[illegible] was sent to Nepesta the [illegible] west on the Santa Fe road [illegible] Sheriff Thomas of Ne[illegible] to the west bound pas[illegible] must in time to see two [illegible] at the Missouri Pacific crossing. He followed them into the car and with leveled shotgun made them hold up their hands. Both carried revolvers but the men were tied fast by the aid of passengers and were brought to Pueblo. In their pockets were money bags marked Bank of Fowler and containing nearly $300. The men give the names of Scanlon and Hannahan and the latter this after noon made a partial confession though neither his statements nor the names they give are relied on. Hannahan says that he and Scanlon fell in with two men at Nepesta who invited them to help open an easy bank at Fowler and they complied. He says he stood guard while the job was done but he fails to give the identity of the other two men and they have not been found. The bank which is owned by A M Lipsey, has its loss well insured. The damage was several hundred dollars

Bellevue Board Had an Election

At a meeting of the board of Bellevue [illegible] yesterday afternoon in the [illegible] R McKinnie the election of officers was held. John G Shields [illegible] president C Hemming first vice president Mr R McKinnie second vice and William Lenox third vice Mr C P [illegible] secretary and E R Hastings [illegible] Mr Edward De LaVergne was [illegible] chairman of the finance com[illegible] James A Hart was elected [illegible] medical superintendent

The [illegible] tion advanced by the commit[illegible] National Deaconess home was [illegible] accepted [illegible] substance this proposition was [illegible] over to a local board all the property [illegible] by the National Deaconess Home [illegible] local committee would as[illegible]sume the floating and the mortgaged indebtedness of the hospital. In all this debt is about $5 900. An effort will be made to increase the membership of the Bellevue hospital. A campaign will be inaugurated to secure the co operation of all the churches and prominent citizens for the support of the hospital. The sum of $[illegible] entitles one to membership and $25 entitles one to a sustaining membership. Bellevue hospital as the new organization is known is to be conducted partly on a charity basis—that is there will always be some charity patients but this does not preclude anyone from paying the regulation hospital fee. In this way the hospital will receive a great proportion of the money needed for its maintenance

KING EXPECTS OIL NOW AT ANY TIME

Special to the Gazette

Boulder April 7—Manager Lehman of the King said today No we haven't [illegible] hed oil yet but expect it every time the bailer comes up

Mr H[illegible] on reports the Alamo at 2[illegible] feet today and expects oil in the next two [illegible] three days. One of his crews [illegible] up and started drilling on the [illegible] Boulder today. The materials for the Citizens and Republic for which [illegible] has been waiting arrived today [illegible] his men will start drilling on these two wells on Wednesday. The Keystone started up again today and the Boulder-Valmont is getting on nice at 400 feet. The Rose Crude is down 700 feet and is making good time. The Crawford has made about 150 feet and the water is now being cased off. Mr Crawford the president of the company has charge of the drilling. Mr G F Wilson who has been working on the Alamo under Mr Huselton has been engaged by the Wellington company to put down their first well

This week should show some starting developments in the field. The Alamo, King and Martin are all expecting to come into oil at any time and the drillers on each well are doing their best to bring it in first. Should all three get oil this week it will surely start an oil boom that will last

CARTER MAY RECOVER

By Associated Press

Leavenworth Kas April 7—Oberlin M Carter's condition today continued to show a marked improvement. Warden McClaughrey says he thinks the physicians have succeeded in aborting the fever.

BUTTER ADVANCED.

By Associated Press

Elgin Ill April 7—Butter made a decided gain in price today, the quotation committee declaring the market firm at 30 cents, a sharp advance of three cents over last week. No butter was offered and none sold. Sales of the week were 600,450 pounds

Denver people at the Alamo yesterday were O L Dines Porter Higby, J E Hammond, A T Bailey, J C Jones A Ptacek Charles Atchison, John B A Cushley, J. C. James and A. N. Oliver.

ALL THE NEWS

Silver 53⅞ lead 4⅛ copper 12@12¼

G A R and affiliated societies are working on plans for a hall at Grand Junction for lodge purposes

During the past month over $50 000 worth of realty in Mesa county has changed hands

Fund for a smelter at Grand Junction has been completed and the immediate erection of the plant is assured

MINING

The mining stock market was weak yesterday in sympathy with Portland which lost [illegible] cents to $[illegible]. Elkton declined to $[illegible]. El Paso sold at 49¾. Jack Pot at 30. Doctor at 4[illegible]. Vindicator at $1 10 and C K and N was back at [illegible]

President Burns has issued a statement which shows that the company had to pass the dividend or make a very large production and pay excessive treatment charges on the ore. There is a good treasury surplus but there are heavy mill construction expenses to meet

The smelter trust has got the Cripple Creek samplers into its power which makes its power over the mines vastly stronger. The Taylor and Brunton and Rio Grande samplers have already been bought and negotiations are pending for the others

General Manager De LaVergne of the Isabella company reports that a new vein has been developed south of the [illegible] shaft which is showing $22 ore and improving right along. The company will make money in April for the first time in some months

Lessees McLeary and Klein have made a good strike on the Amanda property at Windy Point. A trial shipment from which returns have just been received was settled for at the rate of $22 40 in gold to the ton

The Battle Mountain Consolidated company has declared a share for share dividend of the Uinta tunnel stock it being no longer necessary for the corporation to hold the shares in the treasury. The tunnel company owns several lode claims

DEMOCRATS TO CONFER

By Associated Press

Washington April 7.—Representative Hay of Virginia, chairman of the Democratic caucus today issued a call for a conference of Democratic members on the subject of Cuban reciprocity at 8 o clock tomorrow night. The call followed a petition, signed by more than 25 Democratic members requesting the conference

The move caused some agitation on both sides of the chamber in connection with the opening of the debate on the Cuban bill tomorrow as it was thought to introduce a new element of doubt as to the final vote on that measure. The movement for a conference was understood to have been initiated by those opposed to the bill with a view to concentrating the minority in opposition. It was conceded by the supporters of the Payne bill that a combination between the minority and the Republicans who oppose reciprocity would make the final issue doubtful

Representative Watson of Indiana who is acting as the Republican whip on the Cuban bill expresses confidence that the bill will pass

MANCHURIAN TREATY

By Associated Press.

Peking April 7—The signing of the Manchurian convention by Russia and China has been arranged for tomorrow April 8. The son of Prince Ching who was selected as the imperial envoy to the coronation of King Edward accompanied by his suite left here today for London. He will return by way of the United States and will visit the principal cities of that country.

ROCK ISLAND MANAGER

By Associated Press

Chicago April 7—The Tribune tomorrow will say

It is learned from reliable authority that Charles A Goodnow general superintendent of the Chicago Milwaukee & St Paul system, will become general manager of the Chicago, Rock Island & Pacific railroad system on April 15.

SHOOTING IN DENVER

By Associated Press

Denver, April 7—Thomas Schumacher, a local prize fighter, was shot and probably fatally injured about 7 o clock tonight by B. F Enos. Jealousy is said to have been the cause. Enos gave himself up to the police.

BUTTE ELECTION

By Associated Press

Butte, Mont, April 7—In the municipal election held in this city today the Democrats carried six out of the eight wards. The Republicans and labor party each carried one. In Anaconda the Democrats carried five out of the six wards

Helena, Mont, April 7—In the city election today the Republicans elected their entire ticket with the exception of two aldermen, by majorities ranging from 150 to 300. F J Edwards was re-elected mayor; E. S Walker, police judge, and T B Kirkendall, city treasurer. The contest was on local issues

SUICIDE OF PRESIDENT OF WESTERN LEAGUE

Overwork and Worry Over Financial Matters—League Affairs Are in Good Condition.

Kansas City, April 7—James Whitfield, president of the Western Base ball league, and for many years sporting editor of the Kansas City Star, committed suicide at his home here early today by shooting

Mr Whitfield was well known in sporting circles throughout the west. For the last ten years he has been in charge of the sporting department of the Star and in that capacity has always kept in touch with the politics of the national game. He was actively engaged in baseball as early as the eighties. He was one of the organizers of the original western league and was its first president. In 1886 his presence at the National league meetings in New York and Chicago and his pleas for Kansas City on those occasions won for Kansas City its first and only franchise in the league. Whitfield was made secretary of the club. The tornado in May of that year spoiled the team's chances of making money by destroying the grand stand and flooding the diamond. In 1888 Mr Whitfield again acted as Kansas City's representative, this time at the American association's meetings in Cincinnati and New York and he was again successful in securing what he went after, a franchise in Kansas City. That was his last active appearance in baseball matters until he was elected president of the present Western league at St. Joseph last winter

The work of organizing the new league proved very great, and since he decided to head the league that is fighting the American association, Mr. Whitfield had toiled night and day. Recently the tax upon him began to tell and for the past two weeks he has been under a physician's care. On March 28 he returned from his last trip in behalf of the league, from Peoria, and was compelled to take to his bed

Last week, at the Great American handicap shoot, Mr Whitfield, by sheer force of will, attended the six days' contest. Saturday last found him on the verge of nervous prostration and on Sunday he was out of his head part of the time, but nothing serious was thought of his case

Early this morning he arose and dressed himself and then, without making any remark, stepped to the next room and fired a bullet into his right temple. He was found dead when members of his family reached him

Mr Whitfield's action is laid to overwork and worry over financial affairs. He had lost heavily on several enterprises in which he was interested. Mr. Whitfield was born in England 47 years ago. He had lived in Peoria and St Louis and married in the latter city. He came to Kansas City in 1884, and, with the exception of one year when he was proprietor of the Referee, a small weekly he has been with the Star since that time

It is not known here what effect, if any, Mr Whitfield's death will have upon the Western league. Mr. J. H Manning and Mr Nichols, owners of the Kansas City club are out of the city, Mr. Manning being in the east and Mr. Nichols in St Louis.

By the death of President Whitfield, Vice President Thomas F Burns of this city becomes the executive officer of the Western league until such time as a successor to President Whitfield can be elected

Mr Burns is the man to whom all eyes have turned as the probable president of the league. It is suggested by members of the local ball management, however that the election of Mr Burns or any other member of the league who is the owner of a franchise is not likely for the reason that probably none of the magnates would accept the position. There would be a probability that the president of the league would have to decide questions involving financial matters in which he would be directly interested if he were a club owner

The affairs of the league are so well arranged and the ante season matters so well disposed of that it is doubtful if anything will be done in the matter for some time. It is possible that Mr Burns will remain at the head of the league as president, succeeding thereto by the death of President Whitfield, and that questions of league policy and all other matters involving the affairs of the various clubs, will be placed in the hands of an executive board to be named when the league members do hold another meeting.

PERSONAL MENTION

J C Mills Jr of New York is stopping at the Antlers

H R Spilman of Denver is a guest at the Alta Vista

Mrs N B Bullock of Chicago is a guest at the Alta Vista.

H J Garvey of St Louis is at the Antlers

J L Franklin of Canon City, is stopping at the Spaulding house

C Scott and E L Fitch, of Denver, were at the Spaulding house yesterday

Miss Dora Higgins, who has been ill with typhoid, is convalescing.

E R Argersinger, of Victor, is a guest at the Antlers

T J Anderson, of Providence, R I, is at the Antlers to remain some time

F A Daley of Philadelphia, is registered at the Antlers.

A L Fitch, of Omaha, is a guest at the Alamo

John L Wharton, of Providence, R I., is at the Alamo

George L. Paine, of San Francisco, is at the Antlers

W H Abbott, of Cripple Creek, was in the city yesterday

W W Easton and M Robinson, of Hartsel are among the arrivals at the Spaulding house

Harry E. Blood and Mrs Blood, of New York, are among the recent arrivals at the Antlers

Mark Jacob, A Behal and N [illegible] Durlach of New York, are stopping at the Antlers

Mr. and Mrs W Beard, Mrs L. Beard Miss Beard and Miss E Tuttle, of Brooklyn, are guests at the Antlers

Mr and Mrs. B Shindle of Covington, Ky, have engaged apartments at the Antlers

William B Tebbetts, one of the aldermen of the Denver council, is a guest at the Antlers

Mr and Mrs G N Hamilton Miss Hamilton and Miss Shaw of Cincinnati are guests at the Antlers.

Mr and Mrs Harvey Wheeler of Concord, Mass, are stopping at the Alta Vista

Mrs Harry Fursman and child of New York have taken apartments at the Alta Vista.

J W Wallace and daughter of Denver were in the city yesterday. Mr Wallace is manager of the Florence oil district.

Joseph Green, of Marblehead Mass., representing the Douglas Shoe company, of Brockton, Mass., is in the city for a few days.

Arthur N Francis, secretary of the chamber of commerce in Cripple Creek, registered at the Alamo yesterday.

Miss Helen Griswold of Detroit, Mich., is visiting in the city. Miss Griswold is in the city library at Detroit.

Mrs. Pauley and Miss Pauley will arrive today from Kansas City to visit Grant Pauley. They will spend the summer here. Mr Pauley has rented a house on the corner of [illegible] and Weber which they will occupy this summer

A party of New York people that arrived last night at the Antlers includes Mr and Mrs I N Marburg, Miss Goette Miss Marburg, James Loeb and their servants.

A L Weston of Manitou Park was in the city yesterday. Mr Weston is manager of the hotel and cottages at Manitou Park. He says that they are preparing for a big season there. The cottages and hotel are being renovated and put in order to receive guests

One of the latest arrivals from Chicago is Mr Leopold R Bach, who comes here with the intention of making this city his future home. He is staying with Mr Stevens on Franklin street, who only came here last November, and who also intends to spend the rest of his life in Colorado

W W Sweet, cashier of the Bank of Nampa, Idaho, and also connected with the State Bank of Idaho, at Boise City, is a guest at the Antlers. Mr Sweet is extensively interested in the Thunder mountain gold region. He made two trips there and back again this winter on snowshoes being the only man that has accomplished such a daring undertaking

W R Kivett, major-general of the United Sons of Confederate Veterans for Colorado is in the city, stopping at the Antlers. Mr Kivett formerly resided here but is now engaged in the wholesale lumber business in Idaho, Oregon and Washington. He is en route to the annual meeting of the United Sons of Confederate Veterans, which meets in Dallas, Texas, during the latter part of the month.

STRIKE GOES ON

By Associated Press

Dubois, Pa, April 7—The district officers of the United Mine Workers and delegates from the mines of the Rochester & Pittsburg Coal company today rejected the Indianapolis agreement reached last Friday by their national executive board and General Manager Robinson of the Rochester & Pittsburg company. The conference today between the district officers, the delegates and Mr Robinson was held at Punxsutawney

After Mr Robinson had submitted the agreement reached at Indianapolis, which stipulated that the miners should push cars one way, this being a recession from their demand for mule hauling both ways, the miners absolutely refused to accept the terms named and Mr. Robinson finally stated that he had no further offer to make

The conference therefore adjourned, and the strike of 10,000 miners goes on, with no immediate prospect of settlement. The district officers say that General Manager Robinson must come to them the next time for a settlement.

HARTFORD'S LABOR MAYOR

Hartford, Conn, April 7.—Organized labor won a victory in Hartford today. Following the example of Bridgeport and Ansonia they have elected a mayor of the city. They captured the the Democratic nomination, and their man, Ignatius A Sullivan, clerk in a clothing store, received practically the solid vote of the trades unions.

Mayor D. M Dwight was the Republican nominee. The Republicans elected a majority of the common council.

NEWS NOTES FROM PUEBLO

Franchise Granted for Car Line Through Minnequa Addition—New Train Service.

Pueblo Bureau Colorado Springs Gazette Fariss Hotel

Pueblo, April 7—By a full vote in the city council tonight the Pueblo Traction & Lighting company was granted a franchise to extend their car line through the Minnequa addition. The car line will be extended by Evans avenue and passing directly in front of the Minnequa bank and the Supply company's store then south and east to Lake Minnequa. This addition of the city will receive a 10 minute service and will be greatly appreciated by the property owners of the Minnequa addition. The work on Minnequa park will be immediately resumed and rushed by the Minnequa Park & Amusement company. They have plans marked for an up-to date summer resort with all the modern equipments. In the center of the park will be located the winter and summer theater on the latest constructed plans seating 1 400 people. It is only reasonable to say it will appeal to the comedians and tragedians and the conventionists as a sign of Pueblo's established aggressiveness

Sheriff Barr left tonight for La Junta in charge of the two prisoners J Scanlon and J P Hannahan, who were implicated in the blowing up of the safe at Fowler at 2 30 o clock this morning. They were assisted by two other men who are still at large

Some three weeks ago C R I & P officials talked of putting on a one night train to Chicago in order to compete with the Burlington time card of Denver. The local papers have just got on and by their authority will start the new fast train Sunday. Upon statements that are based upon authority of the highest reliability the C R I & P officials are considering the advisability of putting in service about May 15 a very fast train to leave Pueblo union depot about noon making connections with the Lake Shore at Chicago at 5 40 the following evening and arriving in New York city at 6 30 p m on the second day. Just two night out between Pueblo and New York city

The $4 000 home given away free by Paul Wilson, the real estate man which occurred Saturday night in the opera house summer garden, was the scene of much excitement and was very satisfactory to the purchasers of Hillside lots. After the meeting had been called to order L J Tyson was elected chairman also a committee of five to arrange the drawing were elected. This committee decided that the hundredth number drawn from the hat should have the $4 000 home. Mr Charles L Walker was selected as ticket man Mr L J Tyson as caller of the numbers Mr J D Evans, a street car conductor was the holder of the lucky number and will be allowed to select the plans he wishes for the $4 000 home. Mr Paul Wilson will offer a $3 000 home free at the close of a sale of 300 additional lots which he has just added to the Hillside addition

It is reasonable to state that no engagement ever played here by Nat C Goodwin and Maxine Elliott has been more eagerly anticipated than that which will occur at the opera house April 14 in the representation of Henry V Esmond's love comedy "When We Were Twenty-One"

"To dream long dreams of beauty love and power from founts of hope never were outrun,
To drain our life's quintessence in a hour give me the days when I was twenty-one"

At the U S land office today receiver's final receipt was issued to Louis P Eyer Canon City Colo, for the Pike lode Hard scrabble district Custer county, Colorado. Mineral application was filed for the E F and F E lodes Cripple Creek mining district, Teller county to the Olympia Gold & Copper Mining Co of Colorado Springs by Fred Ege Jr. Mineral application was also filed for the Keystone Casawaga and the Empire lodes Cripple Creek mining district by Chris Lepetich and M Prebisich Victor Colo. Mineral application was filed for the George W Cooke lode, Minner and Knockout lodes by H M Sprague Cripple Creek district, Cripple Creek Colo

Francis I Meston and wife returned from their St Louis trip today

P J Dugan returned today after several days absence from the city

Mrs M L Drew returned today from Silver Plume

F H. Richardson is in Leadville today

C F Lake and J M Freeser went to Denver today and will return tomorrow

H P Worden of Colorado Springs is in Pueblo today

SCHOOL ELECTION

TERM OF DIRECTOR ORMES EXPIRES WITH THIS MONTH.

Election Occurs First Tuesday in May —No Candidates are as Yet Announced.

The annual school election will take place on May 5 when a successor will be elected to Rev Manly B Ormes who has been on the board for the past five years. During this time Mr Ormes has been chairman of the library committee and has filled other positions. Mr Ormes has not yet come out as candidate for re-election, but it is generally supposed that he will allow his name to be used again in this connection. It is rather early yet for other announcements to be made, and so far, no one has come out as wanting the position

The regular meeting of the school board will occur tonight and this will probably be the last meeting of the present board

DR. CALLAHAN WILL LECTURE THIS EVENING

One of the most attractive lectures yet announced to be included in the university extension course of this year a Colorado college will be delivered at Perkins hall tonight by Dr Henry White Callahan, who is at the head of the preparatory school at the University of Colorado at Boulder. Dr. Callahan is one of the most able speakers in the state and his lecture tonight on the subject "A Day in Egypt," will doubtless be one of the most instructive and entertaining of the year. It being included in the university extension course there will be no charge for admission and all persons interested are invited. It will begin at 8 o'clock.

CALIFORNIA LIMITED TRAIN Runs daily via the Santa Fe—only 44 hours to Los Angeles—no extra cost for tickets on this train.

FOOTPRINTS OF DINOSAUR

Aided by Friends of the College, Prof. Cragin Has Landed One of the Rarest Scientific Specimens Ever Found in the West.

After a week of effort Professor Cragin has succeeded in bringing from the Merit ranch to Colorado college to form a part of the collection that will be exhibited in the new science building, a slab of Dakota sandstone bearing the large dinosaur footprints recently announced in the Gazette as having been examined by Mr H B Slater and Professor Arthur Lakes

The locality is in Rule canon on Turkey creek near the south line of El Paso county some thirty miles distant from Colorado Springs

Some of the old settlers are said to have known of these footprints for years and to have commonly referred to them as turkey tracks. But for calling especial attention to them through the medium of the newspapers Colorado college and the scientific world are indebted to Messrs Slater and Lakes. The special interest of these footprints is that they are the first footprints of the gigantic reptiles known as dinosaurs that have ever been found in the Dakota sandstone. Evidence of land surfaces and of forests abound in the Dakota formation in the fossil leaves thousands of beautiful specimens of which may today be seen in North American museums, but knowledge of the vertebrate fauna of this important formation of the Cretaceous age except as inferred from the knowledge of older and earlier periods is confined to a single footprint of a bird and the poorly preserved cast of one fish

Dinosaurs abounded in the Triassic and Jurassic ages, and in the Denver Cretaceous rocks, representing a time as late as the closing part of the Cretaceous age their remains still occur. Hence by inference they must have continued from the Jurassic through the Dakota and other epochs of the Cretaceous. In the Dakota however not a vestige of their remains has hitherto been found. The inference that they existed in that epoch is however now confirmed

Of the three great groups into which these remarkable reptilian animals are divided viz Sauropoda, Theropoda and Ornithopoda (according to whether they are lizard footed beast footed or, bird footed) the dinosaurs now first found from the Dakota belong to the group last named. As the footprints have not yet been studied no estimate can be given as to the size of the animal that made them, but it was large. The hind foot was three toed and there are five imprints of it each about 18 inches across and one of these indicates the presence of large claws. Of the anterior foot there is but one imprint, not very distinct but sufficient to show that the fore-limbs were much smaller than the hind ones as is usual in the bird footed dinosaurs. The distance from one heel print to the next one of the same foot is about seven feet.

The surface over which the dinosaur walked represents a horizon in the Dakota about 30 feet below the top of the formation. The footprints were found on a block of sandstone measuring some 40x25 feet across the top, and having a thickness of about 15 feet. The block had fallen from the adjoining wall of the canon and lay in a highly inclined position. This, together with the unfavorable character of the rock itself, rendered the procuring of the footprints peculiarly difficult as the workmen had to perform their labor with very insecure footing and five or six tons of rock had to be removed part of it to give leeway to quarry the portion desired. As the rock was traversed by meandering seams it was necessary to remove it in a number of irregular blocks which can be cemented together and dressed down to a suitable thickness so as to make a single slab about 16 feet long and four feet wide, when the museum in the new science building is ready to receive it

Much credit is due to Mr William Frizzell of Manitou the experienced quarryman and stone contractor, under whose careful direction the work was performed and the heavy load was transported safely across 30 miles of hilly roads and across bridges some of which were supported in part by broken stringers and had to be strengthened by props. The college owes grateful acknowledgment also to Mr W S Stratton by whose kind permission Mr Frizzell was permitted to leave Mr Stratton's work in Manitou upon which he has been employed, to do this work in the interest of the college. Thanks are due also to Mr. Merit of the Merit ranch for permitting the removal of the specimen and for other favors

For important aid to the enterprise, the college is also greatly indebted to Professor M. C. Gile and Mr H. B. Slater

The blocks obtained are now in the basement of Coburn library, where they will be stored until such time as the science building is completed.

Mayor to Make no New Appointments

Mayor Robinson will not make any appointments upon the organization of the new city council when the expiration of the terms of the five of the present councilmen shall have made their chairs vacant and have completed the administration year

The appointments made upon his assuming the duties of the administration year just closed subject to whatever removals exchanges etc, have been made during the year will remain in force through the next administration year. This includes the entire fire and police departments of the city as well as numerous other appointments of less importance.

UNIONISM AND THE CHURCHES

Special to the Gazette

Denver April 7—Lieutenant-Governor Coates and the Ministerial Alliance of Denver locked horns this morning in a manner that will not soon be forgotten by either. The lieutenant governor in response to an invitation delivered an address before the alliance which alliance comprises the Protestant ministers of the city. The address was from the start punctuated with terse remarks that called forth protests and finally became so obnoxious to the ministers that United States Navy Chaplain W E Edmonson now presiding elder of the Colorado Conference of Southern Methodism and other ministers in attendance arose and expressed their opinion of the lieutenant governor in words that none could mistake. Their expressions were so emphatic that the lieutenant governor desisted speaking but later was asked to complete his address which he did in as few words as possible

He began by saying that he would speak on the subject of "Why Is Not the Workingman in the Church?" He went in at once to say that the laboring man had not deserted the church but that the church had deserted the laboring man

The church has not helped the laboring man in the momentous questions which have, from time to time arisen" said Mr Coates. "Had the church fulfilled its duties as set forth by the carpenter of Nazareth there would have been no place for the labor organization. There would have been no need of labor organizations if the church had only done its duty. The laboring man would have received his protection from the church, and he would have now entertained a feeling of fellowship for the church. The church had a mission to perform, but the church has failed. It refuses and has always refused to support the laborer. The supporters of the church are the men who are robbing the laboring men of their rights. While belonging to and supporting the church, they at the same time, oppress the laboring man, and I want to ask you my dear friends, can you expect the laboring man to go hand in hand with the church when it is aiding and abetting the very men who, by their methods, are filling the prisons the hurdy-gurdy houses and the jails with the masses of the people? No No

"And, for all that, the workingmen of the country know that you ministers are placed in exactly the same position as are they themselves. They realize the fact that if you do not preach what your congregations want your salaries will be chopped off. There are fashionable churches and they must be supported in order to pay the salaries of the ministers. You cannot get it from the poor man so you take it from the rich. The rich in their turn grind it out of the poor. The preaching is done for the rich the ones who pay to hear it. That is why the laboring man stays away from the church. He knows that you are like him nothing but a hireling a hireling I say and if you do not preach what your fashionable congregations want to hear you are tried for heresy, and your salaries are cut. Of course we laboring organizations realize that you are only the hirelings of the—

At this point Chaplain Edmonson could stand it no longer. "Mr President" said he "I want to have five minutes in which to enter my earnest and emphatic protest against this man delivering such ideas as these in address before the ministerial alliance. He has insinuated that we as ministers of the gospel are somebody's hirelings. I want to emphatically deny it. I also protest against his insinuations that we care not preach the truth to the rich men for fear of losing our salaries. Mr. President such is not the case. The speaker was decidedly mistaken"

The chaplain spoke emphatically and his remarks were wildly applauded. The ministers were so anxious to repudiate the lieutenant governor's charges that fully a score of them were on their feet demanding recognition before Chaplain Edmonson had set down

Dr Coyle and Dr Carmine followed and expressed the opinion that Coates did not know what he was talking about. They declared he either misrepresented the facts or was too ignorant to speak the truth. They contended that the truth is that the ministers do no depend upon the rich men for their salaries, but that the bulk of the money which supports the churches comes from the people in the poorer walks of life

ON BUSINESS FOR SALT LAKE SHORT LINE

Special to the Gazette

Denver, April 7—D H Moffat and W G Evans left tonight for New York on business connected with their new Salt Lake Short line. They will be gone about two weeks

25 cents to Cripple Creek by the Colorado Midland railway.

A SILK WAIST SURPRISE

3 doz. Taffeta, Louisine, Peau-de-Levant and Peau-de-Soie Silk Waists; tucked, ruffled, corded, hemstitched and appliqued, made in all the new effects.

They are odd lots and broken sizes left from special sales—some are slightly mussed from being handled—and as usual in a case of the kind, we've reduced prices to the lowest notch. Don't delay, if you have silk waist needs, they will not last long, here's the reason:

$3.75 Waists for $2.5[illegible]
$5.[illegible] " " $3.[illegible]
$6.5[illegible] " " $4.50
$7.5[illegible] " " $5.[illegible]

CRIPPLE CREEK NEWS NOTES

Chamber of Commerce Discussed Matters of Much Importance to the City.

Cripple Creek Bureau
Colorado Springs Gazette,

Cripple Creek, April 7.—At the meeting of the board of directors of the chamber of commerce tonight quite a little discussion took place over the Wade electric light ordinance, which will come up for a vote by the taxpayers on May 15. The members of the board are not quite sure of Edgar E. Wade's position in the matter, some thinking that he is in the field simply for the purpose of perpetuating the present Gold Belt Electric company which is now furnishing light in Cripple Creek. A resolution was proposed by T. P. Airheart asking that the city council compel Mr. Wade to put up a $5,000 cash bond with the city treasurer to show that he is acting in good faith. A similar resolution was recently voted down in the city council. The resolution tonight ended in a discussion in which Robert Graham a member of the board of directors, and who is also attorney for Mr. Wade, spoke against the resolution. It was decided that nothing should be done in this matter until the next regular meeting of the chamber.

Prof. Schreiber, the conductor of Schreiber's band, appeared before the directors with a proposition to give summer concerts in Cripple Creek. He explained his idea, and the proposition was indorsed by the chamber and referred to the committee on entertainment. The matter of increasing the summer tourist travel to the camp was taken up and a strong effort will be made this summer to bring eastern visitors to the camp to see the points of interest.

At the meeting of the city council tonight Alderman Van der Weyden, the Democratic representative from the Third ward, stated that there was a rumor afloat that the streets, bridges and alleys committee had collected money from the business men for the sprinkling fund, and had used it for other purposes. The report of the streets, bridges and alleys committee has not yet been tendered to the council, and tonight, when the council adjourned, it adjourned until Saturday evening, when this report will be heard. In regard to the sprinkling, Alderman McKee favored a street-sprinkling district, and an assessment upon each property-holder in the district for the sprinkling fund. This matter was referred to the committee.

Alderman Ferguson of the fire and police board reported that the board had purchased a striker to be erected in the tower of the city hall, and to sound the alarm upon the big fire bell when fires occurred. This striker was purchased at a cost of $300 and will be put in place at once. Formerly a siren whistle was used in announcing fires in the city. The fire bell can be heard in all parts of the city. On careful canvass of the subjects it The council passed $4,643 in bills which includes Larry Maroney's bill of $2,500 for fluming in the Second and Third wards.

The case of the people vs. Agnes Fleming, charged with assault with intent to kill Jewell Jones, was commenced this afternoon in the district court. It will be remembered that at a mask ball given on March 13th in the Grand opera house Jewell Jones was very badly cut by a knife in the hands of the Fleming woman. Attorney McFeely represents the defendant, and after the jury had been impaneled this afternoon he moved for a dismissal upon the grounds that the indictment was not properly drawn up. This motion was overruled. Witnesses were heard this afternoon as follows: Dr. Dunwoody, Jewell Jones, Curley Baumgartner and James Pickens. There is no attempt being made to show that Miss Fleming did not do the cutting, but an effort will be made to prove self-defense. The taking of testimony will be resumed tomorrow morning at 9:30 o'clock.

Morgan Williams, the Victor pugilist, and Harry McCoy of Kansas City, have been matched to fight before the Union Athletic club in this city about April 14. McCoy for some time past has been training with Kid Bennett. An effort was made to arrange a match between Buddy King and Kid Bennett, but as King would not come down to 133 pounds, the match was declared off.

Arguments in the case of the Central Consolidated Mines corporation vs. the People's Consolidated M. & M. Co., Arthur G. Thompson and the Woods Investment company, were heard by Judge Seeds in the district court this afternoon. This is an adverse suit, the Josephine and Happy Year lodes adversing the patent of the Gold Leaf lode. Attorney C. F. Potter represented the plaintiff company and Attorney J. P. Brockway the defendants. The case is the outcome of a contract entered into on March 16, 1894. The court found for the plaintiff company, and Attorney Brockway gave notice of an appeal to the court of appeals.

W. G. Skeen, ex-president of Cripple Creek Miners' union No. 40, died at Tonopah, Nev., on January 13, supposedly without a family. His estate, valued at about $5,000, was left to his brother. Mrs. W. G. Skeen, who claims to be the wife of the dead man, has arrived in camp, and it is stated will contest for the estate. She claims that they were married at Durango, and that they have never been legally separated.

It was the Triumph G. M. company of Colorado, and not a Wyoming corporation, that granted a bond and lease upon its Triumph lode to Philip Schuch, Jr. The Triumph lode, survey No. 9,980, is located on Bull mountain and has no connection with the Triumph Gold Mining company, owning the Triumph lode on Battle mountain. Mr. Schuch's bond on the Triumph lode on Bull mountain is for $20,000 and expires two years from March 22, 1902.

Among the deeds filed for record today were the following: Elvin E. Smith to D. E. Dickerson, one-sixth interest in the Daisy Belle lode, No. 9,752, $1; J. W. Woodward to D. E. Dickerson, the Daisy Belle lode, $1; Susie E. Patterson to E. E. Smith, one-sixth interest in the Daisy Belle lode $1. C. D. Hall to Samuel Walker, the west 25 feet of lots 14, 15 and 16, block 4, Victor, $600; W. H. Colburn and Lizzie A. Colburn to Stewart McDougall and the heirs of F. H. Strong, deceased, portions of the Phoenix and Bolivia lodes, in pursuance of a decree from the district court of El Paso county; Olive Baraby to Charles and Margaret Hockings, lot 15, block 1, Golconda addition to Victor, $1,050; the Oriole G. M. Co. to Emma B. Peterson, lot 11, block 2, Oriole addition to Cripple Creek, $100, and to L. N. McLean, lots 17 and 18, block 3, same addition, $220.

Judge Seeds today in the district court gave a fatherly lecture to Robert Moore, a 12-year-old boy, who was recently sentenced to the State Reformatory at Buena Vista for larceny. At the time the sentence was suspended and the boy was ordered to report to Judge Seeds the first Monday of each month. Robert failed to report this morning, and he was brought into court. After the lecture he was told that if in the future he failed to appear regularly, he would be taken to Buena Vista. He was ordered to report the first Monday in May and to present to the court a report from his school teacher.

Out of town arrivals at the National hotel today were: Frank Oliver, C. B. Ferrin, C. C. Hamlin of Colorado Springs, John P. Brockway, Charles F. Potter and W. Y. Wheeler of Denver, Charles T. Roberts of Baltimore, A. T. Ahlers of Dubuque, Iowa; Mr. and Mrs. C. F. Weller of Omaha, Albert S. Park and wife of Lowell, Mass.; Charles A. Pummer, wife and daughter of Portland, Me., and Ed Edscora of St. Louis.

MOUNTAIN BOY SHIPMENT.

Special to the Gazette.

Cripple Creek, April 7.—The Mountain Boy company today sent out a 25-ton shipment from its property on Raven hill. The ore is of average $30 grade. Considerable work is being carried forward in the 150-foot level, where the ore shoot has been drifted on for a distance of 10 or 12 feet. The values are showing up steadily and the pay streak varies from one to three feet in width. The ore is an extension of the Jo Dancy vein, which is being followed in a southeasterly direction.

NEWS NOTES FROM DENVER

National Guardsmen Ask That Adjutant General Gardner Be Retained.

Denver Bureau
Colorado Springs Gazette.

Denver, April 7.—The National guardsmen of Colorado have come to Adjutant General Gardner's aid and are demanding of Governor Orman that the adjutant general be kept in office. A committee waited on the governor in behalf of General Gardner this morning and asked his excellency to retain the adjutant general. The committee was composed of the following National guard officers: General Chase, Colonel Barnum, Major Williams, Zaph Hill, Captain Lee, Adjutant Bloom and Colonel Verdeckberg. The governor practiced the same policy in this that he has during his entire term. That is, he refused to express an opinion as to what would be done. He simply told the committee that he would take the matter up and later render a decision.

The cornerstone of the Christian Science church which is to be erected at Fourteenth and Logan avenues will be laid Thursday at 5 o'clock. The new building will seat 1,800 persons.

The state board of equalization held its first session for this year this morning. The session lasted just long enough for a motion to adjourn to prevail. The board will meet again tomorrow, when it will map out its work for the year.

Dora Frank has brought suit for $2,000 damages against W. C. Felker for losses which she claims she sustained on March 12 because Felker's automobile frightened a horse which she was driving. This is the first suit arising out of the automobile mode of locomotion in Denver.

E. G. Arkins dramatic editor and part owner of the News was fined $25 and costs for running his automobile at a reckless speed down Sixteenth street yesterday.

A human monstrosity was born to J. H. Bane and wife, who live on the West side, this morning. It is a female child that is twins above the abdomen and one child other ways. It has two legs, four arms and two heads.

Beal Brothers & Mendenhall of Springville, Utah, have been awarded the contract for grading the branch of the Denver & Rio Grande from Delta to Paonia, in the valley of the north fork of the Gunnison river. Manager Herbert announces that the branch will be completed by October 1.

The famous bribery cases came up before Judge DeFrance at Golden this morning. District Attorney Thurman asked that the special prosecutors appointed by the Arapahoe judge be retained. The attorneys for the defense objected but the court overruled their objection and the special prosecutors were appointed. Motions for pleas in abatement were made and these motions will be argued next Thursday. The defendants in the case are H. H. Tammen, W. J. Thomas, Daniel J. Sadlier and Robert Schrader. Their counsel are A. B. Seaman, Milton Smith, Thomas Ward. The counsel for the state are District Attorney Thurman, Ralph W. Talbot and Robert J. Pitkin.

FLORENCE.

Special to the Gazette.

Florence, April 7.—All of the public gambling houses were closed promptly at noon today by order of Mayor J. Q. MacDonald. It is not known whether it will be made permanent or not. Public sentiment for some time has been against the vice in this city and for several weeks the pastors have been taking up the matter in the churches on Sunday and also by the members of the W. C. T. U. who have secured a petition signed by 500 citizens to stop the practice. The action came sooner probably than it otherwise would because of a shooting affray about midnight last night. At one of the saloons James McCloskey, the pitcher of the Florence Eagles baseball team, became involved in a quarrel with two Canon City men. During a fierce battle of words one of the Canon City men discharged a revolver so close to McCloskey's face that it was burned by powder smoke. The visitors are strangers in this town and they left and have not been heard from since.

Every community of southeastern Colorado where Presbyterians are represented by organizations will have delegates present at the spring meeting of Pueblo Presbytery which opens a three days' session here, beginning tomorrow evening. Simultaneous with the above session of the ministers and elders will be meetings of the Presbyterian Women's Home and Foreign Missionary societies.

The Colorado Telephone company is arranging to supply the farmers between here and Canon City with a telephone service with the outside world. For several days the company has had solicitors out and several agreements have been drawn up. The company is also about to install a toll station at the Portland Cement works and preparatory work was commenced today.

George Columbia, formerly of the Columbia Oil & Development company, has taken a 20-year lease on the Frazer orchard in the Bernard addition and will form a company to drill for oil. The land embraces about 60 acres. The company which will be composed of Florence and Colorado Springs men principally will be floated at an early date. The Frazer orchard now in the heart of the city, was one of the first laid out in the state.

The Keystone Oil company of which Colorado Springs men are stockholders, has made a thorough test in its body of oil opened Friday night. The bailer was lowered at intervals during one hour today and 20 bailerfuls were lifted which made about 20 barrels and the oil was lowered only a little. At the rate the oil was bailed out and the rapidity at which the hole filled, it is estimated that about 10 barrels of oil is running in per hour. At this rate the well will produce about 200 barrels per day or a value of $200. The perforated casing was lowered in the hole this morning. The company will rig up for pumping as soon as possible. A meeting of the directors was held tonight. Some of the interested Colorado Springs men are expected to arrive this week to inspect the big well.

Pneumonia always results from a cold or from an attack of the grip, and may be prevented by the timely use of Chamberlain's Cough Remedy. This fact has been fully proven in many thousands of cases. Sold by all druggists.

NEWS NOTES FROM VICTOR

Conductor's Assailant Will Be Vigorously Prosecuted—Elks Installation.

Victor Bureau
Colorado Springs Gazette.

Victor, April 7.—Officials of the Colorado Springs Short Line state that Jack Popst, the Portland miner who yesterday attacked James Simpson, a conductor on the Low Line electric, will be vigorously prosecuted, and that a direct information charging Popst with assault with intent to kill Simpson will be filed in the district court. The fight took place in this city yesterday afternoon, in which Popst and another miner named Lynd attacked Simpson, knocking several teeth from Simpson's mouth. Popst early in the afternoon was put off of Simpson's car for using boisterous language.

Exalted Ruler F. P. Mannix and the other newly elected officers of the local lodge of Elks were installed into office tonight with appropriate ceremony at the lodge room. The Victor lodge of Elks now claims to be the third strongest organization among the Elks lodges of the state and it has not yet stopped growing. Owing to other important work tonight, initiatory work was postponed until the next meeting. There are about 50 candidates awaiting to be initiated.

Willie, the 9-year-old son of Mr. and Mrs. P. B. Post of South Seventh street, was run over on Victor avenue last evening. E. R. Collins and wife were driving a spirited team upon the avenue when the little boy ran in front of the team, the wheels of the carriage passing over his body. He was unconscious when picked up and carried to his home. Dr. Latimer was summoned and found that four ribs had been broken. The boy is reported to be doing nicely today.

The funeral of William Mellen who was killed on the Hull City placer of the Independence Consolidated company, Saturday afternoon, took place this afternoon from the undertaking parlor of T. F. Dunn & Company. The funeral procession wended its way to Cripple Creek where services of the Christian Science church were held at Miners Union hall. The burial was at Mt. Pisgah cemetery.

Steve Cullen, an employe of the street cleaning department, was arrested this evening, charged with wife beating. It is stated that he severely beat his wife with a flat iron, but she escaped him before he could seriously injure her. Cullen was placed in the county jail.

The Teller County Medical association will hold its first annual banquet at the Baltimore hotel tomorrow night. Dr. McKown will act as toastmaster and nearly every member of the profession in Teller county is down upon the bill to respond to a toast.

Frank E., the 7-months'-old son of Mr. and Mrs. Frank Neiderlander, died last evening at the home in Independence. The funeral took place from the residence at 2 o'clock this afternoon, the interment being at Sunnyside cemetery.

J. H. Myers is in Canon City for the benefit of his health.

Dr. B. S. Roseberry and wife spent yesterday visiting in Colorado Springs.

E. H. Carlington, who for the past couple of weeks has been doing special work on the Victor Times, will leave tomorrow for Colorado Springs to accept a position.

Less Than One Fare for Round Trip.

SMELTER FOR GRAND JUNCTION

Fund Asked for Has Been Completed—Canning Factory Is Proposed.

Special to the Gazette.

Grand Junction, April 7.—James V. Howard, promoter for the Loder smelter, leaves tonight for Boston to close the deal and make the arrangements to erect a smelter in this city at once. The committee of 10 men appointed several weeks ago to solicit subscriptions raised the $10,000 asked and it is now an assured fact that Grand Junction will have a smelter.

Last night while making repairs on their engine at Mound, Utah, Fred Rader, engineer of train No. 2, on the R. G. W., and George Rucker, fireman, were badly scalded about the face and arms. The wounded men were brought to this city.

The managers of the Grand Junction Business college have purchased a block of land just beyond the end of North Seventh street, where a two-story structure will be erected at once, as the future home of the college. The work of grading the campus and planting trees has already been started. The site for the new building is the highest point within the city limits. At the present time the college has an enrollment of 64 students and the managers have found their present location inadequate.

The question of a cannery for this city is again talked about. Parties from Florence are anxious to place such an industry here and they do not ask for a bonus, but want to know whether the fruit growers will take hold and assist them, should they decide to establish such an industry. A cannery is one of the needed things for Mesa county. Take, for instance, last season, when this country produced such an immense fruit crop. Tons of ripe fruit of all kinds went to waste for want of help to market it in the cities and mining camps of Colorado. This fruit could have been loaded in wagons, unpacked, and hauled to a cannery and in this way been utilized, making thousands of dollars for the orchardists of the Grand valley, as well as supporting an industry which is badly needed. A cannery should be erected here in time to take care of the crop of fruit which will be produced the coming season.

The G. A. R., W. R. C. and S. of V. are working on plans for the erection of a hall for lodge purposes. They ask the citizens of Grand Junction to raise $500 towards assisting them in the enterprise. For many years the members of the Woman's Relief corps of this city have done yeoman work among the poor and needy and they now ask for a little assistance in order to secure for themselves a permanent hall where they can hold meetings. It is a worthy cause and is meeting with hearty approval among the business men.

The annual meeting of the congregation of the Presbyterian church was held Thursday evening. William Carlyle and W. J. Moyer were chosen as elders and Jos. S. Austin and R. B. Cassels trustees. The congregation voted unanimously to extend a call to the Rev. J. E. Weir to become the regularly installed pastor of the church. The call will be presented to the presbytery of Gunnison at the spring meeting, which meets in Ouray. It is understood the call will be accepted by the Rev. Mr. Weir, who has been filling the pulpit of the church since January 1.

L. J. Williams, of Montana, has purchased the fine orchard and residence of Franklin Rich on Orchard Mesa, paying the snug sum of $7,500. Mr. and Mrs. Rich will leave in a short time for an extended trip to the Pacific coast.

Through the efforts of Senator Henry M. Teller, Alvin E. Key, of this city, who served in the Spanish-American war in Cuba, will be admitted to the hospital at Fort Bayard, New Mexico. Since the close of the war Mr. Key has suffered from lung trouble, contracted while in the service.

During the past month, according to the deeds filed for record, over $50,000 worth of realty has changed hands in Mesa county. Many of the deals made have been on fruit and ranch property, most of the purchasers being newcomers from eastern states. Never in the history of city and county has there been so much activity in real estate.

M. Strouse, the pioneer clothier, has moved an old frame structure off a lot on Main street, between Third and Fourth. He will erect a handsome business block on the site at once. The work of putting in the foundation has already been started.

The past week has seen the reorganization of the Colorado Sugar Manufacturing company which owns the refinery in this city. William Gelder, a wealthy mining broker of Denver, has been chosen president of the company; John R. McKinnie, of Colorado Springs, vice president and treasurer, and J. F. McFarland, secretary. The factory will not run the coming season, but the company will have everything in readiness for the raising of sugar beets on a large scale in the Grand valley in 1903.

Hon. J. A. Lyons, of Guthrie Center, Iowa, has taken up his permanent residence in Grand Junction. He is a man of considerable means and has purchased a site at the corner of Fourth and Rood streets, where he will erect a fine two-story brick business block and engage in the general merchandise business. He has also purchased two lots on Ouray street and will build a handsome residence, for which plans have already been drawn.

The several oil wells in this vicinity are going down at a rapid rate. Saturday night the well of the Western Slope had reached a depth of over 1,400 feet. The Whitewater well is down 856 feet. In this well a quartz as hard as flint was encountered and progress has been rather slow. The well of the Monarch company is over 200 feet deep. Work at all the wells has been moving along splendidly, with no mishaps.

Good for the Babies.
There is no better medicine made for babies than Chamberlain's Cough Remedy. Its pleasant taste and prompt and effectual cures make it a favorite with the mothers of small children. It quickly cures their coughs and colds, preventing pneumonia or other serious consequences. It not only cures croup, but when given as soon as the croupy cough appears will prevent the attack. Chamberlain's Cough Remedy contains no opium or narcotic in any form, and may be given as confidently to a baby as to an adult. It always cures. For sale by all druggists.

8 South Tejon Street. Women's Exclusive Hatter and Coat[illegible]

TRINIDAD

(Special Correspondence.)

Trinidad, April 6.—One of the most enjoyable social events of the week was the Easter party given by Mrs. F. R. Wood and Mrs. L. H. Turner, at the home of Mrs. Wood. The rooms were most artistically decorated with Easter lilies, ferns and palms, the general color scheme being green and white. About fifty guests were present and the afternoon was pleasantly spent in whist and other forms of amusement. Beautiful prizes were given to the winners at whist and each guest took away a delicate souvenir of the occasion. In the evening about twenty couples of the younger people came in and took possession, turning the party into a high five party. Prizes were awarded to the winners of this game also.

Miss Whitsit, who has spent the past year in Trinidad for health reasons, gave a farewell party to her lady friends Tuesday afternoon. She has fully recovered her health and will return to her old home at Indianapolis in a few days.

A dance was given last night in the Colorado Supply company's new store building, just completed, at Segundo. The Colorado and Wyoming ran a special train out from here to accommodate a large number of Trinidad people who wished to attend.

The cornerstone of the new Presbyterian church was laid with impressive ceremonies Thursday afternoon, in the presence of a large crowd of people. Copies of the Trinidad daily papers were placed in the cornerstone. Addresses were made by the pastor, Rev. T. S. Hawley, and Rev. J. L. Weaver of Pueblo. The building will be of pressed brick and will cost when completed about $12,000. The auditorium will have a raised floor and gallery and will seat about 500 people. The basement will contain a reading room, game room, gymnasium and kitchen, which will be open every day and evening in the week.

County court will convene tomorrow for the April term with an unusually long docket, there being 15 divorce cases, 13 criminal cases and 16 civil cases to be tried. The cases which have attracted the most interest are the one against the little boys charged with robbing the beehives of their honey at the smelter apiary and the one against Joe Mott, charged with unlawfully selling liquor. He is supposed to be the leader of a gang of bootleggers who have been operating in and around Torres, the new coal camp.

A large number of entries have already been made for the May races to be held at the Driving park. Half fare rates have been secured from all the railroads.

One hundred coke ovens at Tobasco have been fired after a month of enforced idleness on account of a shortage of water.

It is reported that the Santa Fe company has an engineering corps surveying a line from Morley up Chicken creek by way of Blossburg and it is said that it is the intention to use this line for heavy freight traffic, thus avoiding the heavy grade of the tunnel route which is one of the worst of the entire system. The proposed line will pass Raton and join the main line about three miles below that point.

A Mexican freighter, in turning his team around in the O. L. Davis lumber yard a few days ago, backed the whole outfit into the river. The wagon went over a twelve-foot embankment, and the horses followed the wagon, but, strange to say, very little damage was done.

Robert Vail was stricken with paralysis Friday afternoon. His condition is serious and his recovery is very doubtful.

At the town election, held in Aguilar last week, Arthur I. Lindsey was elected mayor by a majority of 82.

Mrs. W. J. Caldwell and her sister, Miss Barbour and Mrs. F. W. Caldwell, have gone to California for the summer.

Mrs. A. F. Reed of Denver has been visiting with friends here for the past week.

Gus Goodale, formerly of the State School of Mines, has secured a position with the C. F. & I. engineering corps.

Mrs. F. G. Bloom is visiting in Denver this week.

Miss Frances Hawley is spending a few weeks with friends and relatives in Omaha.

Norval W. Wall, formerly county surveyor, and also city engineer here, was renewing old acquaintances last week.

J. J. Dallison, chief of police, and J. R. Miller, postmaster, were in Pueblo last week giving evidence before the United States grand jury. Several Trinidad men have been called as witnesses for the coming term of the United States court.

A meeting of the miners of Hastings and other camps in that vicinity called to meet at Hastings this afternoon by a couple of walking delegates who have been working among them for several days, ended in nothing. Thirty or forty men went down from Majestic and Aguilar, but not one of the Hastings men attended the meeting, they being entirely satisfied with the present conditions, and do not relish the idea of a strike or a lockout.

To Cure a Cold in One Day
Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature is on each box. 25 cents.

Something new in the "Want" columns today.

Boy's Shoes.

The Boy's Shoe question is quite a proposition in every household that can boast of a boy or two, it's always a trouble to keep the boy inside his shoes.

We Offer Relief

Our Boys' Shoes are made to our order and we guarantee them. Two big special values we are offering now.

Boy's [illegible] Calf Shoes, sizes 3½ to 5½, for......... $[illegible]

Boy's Brown [illegible] Shoes, sizes 3½ to 5½, for......... $2.[illegible]

Little Gents' sizes 9 to 13 are $1.25 to $1.5[illegible]

ANACONDA

Special to the Gazette.

Anaconda, April 7.—During Saturday and Sunday, [illegible] carloads of ore were shipped over the F. & C. C. road from properties in this vicinity. It is stated that the ore shipments from this point are now larger than at any time during the past six months. Empty cars are scarce.

Fifteen letters, some of which were posted six months ago, were found today by Robert Davis, clerk at the F. & C. C. depot, in the way bill box on the side of the depot. It is supposed that the persons mailing the letters thought that box was a United States mail box. Of the 15 letters found nine were mailed by the same person. The letters were given to the local postmaster.

D. K. Hawkins left today for Colorado Springs on business. His son Richard left for Villa Grove to take charge of his father's mining property.

Mrs. Gardiner and her two sons, Howard and Hugh, went to Florence yesterday on a visit.

The spring vacation is proving very popular to the school children of Anaconda. All kinds of sports are being indulged in and baseball on the grounds below the city is being enjoyed.

A GOOD BEGINNING.

THE COLORADO SPRINGS MILLIONAIRES certainly made a good beginning of the baseball season by taking two games from Denver.

Both were practice games, and therefore do not count anything towards the championship but even these are better won than lost.

In the first game especially, the Millionaires clearly outplayed their rivals and raised the hopes of those who look to see them bring the season's pennant to the foot of Pike's Peak.

WATERSHED LANDS.

A BILL is pending in congress permitting the city of Colorado Springs to purchase certain lands on Pike's Peak and draining into the Seven Lakes basin, which is now a part of the water system of Colorado Springs.

The purchase of this land would add nothing whatever to the water rights already belonging to the city but it would give us a better right than we now have to preserve our supply from impurity.

The bill should be passed by congress and there is no reasonable ground for objection to it by anyone, for the reason, as already stated, that it does not increase our water rights nor lessen those of any one else.

Colorado Springs already owns a large area higher up on the Peak, which it was permitted to purchase by similar special acts of congress.

It is to the interest of every water user on the Pike's Peak watershed to preserve the water in the highest possible purity, and that is the only purpose of the pending bill.

ANNEXATION FUTURE.

IT IS ALREADY apparent that the Cuban question will not pass out of the American political arena when the government of that island is turned over to the Cubans on May 20. Already there is a strong influence at work in the United States to shape public sentiment towards annexation, and we are assured that a large number of influential Cubans are desirous that the independent Cuban government shall follow the example of Texas and serve only as a transition stage from one sovereignty to another.

And it is equally evident that discussion of the matter in the United States is not going to be characterized by the calmness and reasonableness that should prevail. Politics and selfish interests will be considered, and the clamor of them will overwhelm at times the discussion of the real interests of Cuba and the United States.

It is unfortunate that this is so. There are many reasons why the experiment of Cuban self government should be fairly and freely tried, and it would be well for the United States if the discussion for or against annexation should be postponed until after the results of that experiment shall be made known.

Yet already we hear that the Democrats will try to find in Cuba the political lifebelt that they have sought in vain from Pretoria on the east to Manila on the west, and on the other hand we are assured that the Republicans will not be caught napping and that they do not propose to allow the Democrats to pick any of the fruit from their cherry trees.

The political leaders of both parties need to be informed that the people are not ready to decide for or against Cuban annexation. It is certainly too soon to take it for granted that the United States is ready to accept the responsibilities of a Cuban state or territory, and it is too soon to declare that our nation will refuse admission to the Cubans if they desire it.

The Cuban cherries are not ripe, and it is well to keep in mind that the trees belong to someone else than ourselves.

The best thing for the United States, the best thing for Cuba, and unquestionably the best thing for the American political leaders is to forget Cuba for as long a time as we can. Give the Palma government a fair chance. Do not mislead the Cubans with the false idea that the Americans are waiting to gobble them up the first time they stumble in the path. Do not delude them with the belief that they are of such priceless value to this great republic that we will fly to their rescue as the first flutter of a signal of distress.

Give Cuba a fair chance.

Make the experiment of independent self-government for Cuba something more than a sugar coated sham. Give Cuba a clear field, and time enough for the newly hatched republic to grow a few feathers before declaring that it cannot stand the climate.

And then if Cuba desires annexation let the subject be fairly and deliberately discussed, with something else than politics and sugar in mind, and do not jump at the conclusion that this Anglo-Saxon republic is going to extend the area of its negro problem and its roll of unamerican citizenship whenever it is asked to do so.

The United States senate will devote considerable time this week to the discussion of the bill for the government of the Philippine islands. The debate will be long and interesting, and both sides will bring up their heaviest forces in support of their position. The arguments used in the senate for and against this measure are likely to form the ground work for much of the political discussion in the coming congressional campaign, and the speeches will be read with interest by all who keep themselves well informed on public affairs. The leading features of the Democratic and Republican positions have already been outlined in these columns.

JUSTICE FOR CAPTAIN COGHLAN.

IT IS PREDICTED some weeks ago in these columns by a Washington special, President Roosevelt has consummated an act of justice to Captain Coghlan by restoring him to his former rank among the captains of the navy. This puts Captain Coghlan in the immediate line of promotion, and he will receive his commission as rear admiral before the middle of this month.

This restoration of Captain Coghlan to his former rank, which he lost temporarily for a trifling offense, is an injustice to no one and cannot be fairly criticised, even by the friends of those who have superseded him for several years.

Captain Coghlan's record of service is not surpassed by that of any captain on the list, and it is a matter of satisfaction, not only to his friends, but to the impartial well-wishers of the navy, that he has been restored to his proper rank.

President Roosevelt deserves to be commended for taking this step in favor of one who fully deserves it.

A CHANGE OF MANAGEMENT.

IT IS THE general opinion that the defeat of Senator Jones in the Arkansas primaries is an event of national political importance.

Mr. Jones was the chairman of the Democratic national committee in both of the Bryan campaigns, and he is generally recognized as a leading representative not only of Bryan but also of Bryanism. So long as he remains at the head of the national committee it is doubly difficult to dispossess the party of those dreams recently diagnosed by Grover Cleveland, Polit. Doc. And so long as Senator Jones is in the senate it is so much harder to manage the party affairs in the way that the eastern, anti-silver Democrats think they ought to be managed.

The removal of Senator Jones from congress facilitates the removal of Chairman Jones from the national committee, both of which events are regarded by the Gorman wing of the Democratic party as essential preliminaries to the re-establishment of the party fortunes.

The Bryanites, in Arkansas and elsewhere, will undoubtedly find abundant local explanations for Mr. Jones' defeat, but it is true, nevertheless, that he is a most serious obstacle in the way of Democratic re-organization, and his removal from the field will make the task of the Gorman men much easier.

Whether it will add to Democratic strength in the west remains to be seen. Ordinarily one would feel sure that it would not, but so many queer things have happened in Colorado and elsewhere that it is hard to say what effect events will have upon our voters.

AN ABSOLUTE FIZZLE.

THE PREPOSTEROUS STORY presented to congress by the Democratic leader of the house, in regard to the alleged bribery of prominent Americans, falls all the flatter because of the promptness with which Republicans have demanded a full investigation of the charges, and the willingness of the Republican newspapers generally to wait and see whether there was anything in them before denouncing them as an unmitigated falsehood and absurdity.

Walter Wellman, the well-known Washington correspondent of the genuinely independent Chicago Record-Herald thus sums up the situation.

"The Christmas sensation will not last till Easter. In fact, it has already flattened out. Today's Congressional Record contained a reprint of Captain Christmas' so-called secret report to the Danish government, and it has been carefully read by senators and representatives. On every side there is amazement that a representative in congress, a man who claims to be the leader of a political party, like Mr. Richardson, should have the temerity to bring to the attention of the house and of the world such a flimsy and ridiculous tale. Stuff which conservative newspaper correspondents refused to publish because of its wildness, this political leader takes up and flaunts before the world as a sample of the morals of public men in this country.

Examination of Christmas' story as told by himself reveals precisely the state of affairs set forth in last night's dispatches to The Record-Herald. He was an adventurer, pure and simple, in the beginning he did have a tacit arrangement with the Danish minister of foreign affairs to come to this country and sound the American government. But Secretary Hay very early took the ground that he would have no dealings with any but accredited representatives of the Danish government, and so informed the Danish minister. Christmas therefore had no standing here, and the crafty Danes, having made use of him as long as suited their purpose, also dropped him. Christmas became hard up, and for some months was nearly destitute.

His so-called revelations of corruption on the part of American statesmen and newspapers amount to nothing at all. It is doubtful if the committee appointed by the house to investigate his charges will call any witnesses. There is nothing to investigate. Christmas admits in his story that he was himself corrupt. He trumped up a story that the German government wanted to gain possession of the Danish islands in order to interest the United States. His talk of arrangements to bribe American public men and newspapers were designed merely to get money out of the Danish government. He claimed that he was promised 10 per cent of the purchase price by a former Danish minister, and his alleged revelations of the crookedness of American senators and representatives was a part of his scheme to collect the 10 per cent. He used the name of Abner McKinley, though the lawyer who formerly represented Christmas in New York says that peculiar individual never met Abner McKinley.

All his other sensations are of an equally trivial and baseless sort. Christmas admits that he was dismissed from the Danish navy after being court-martialed, and tells how Secretary Hay and others advised him to leave Washington. He left. His value as a witness may be judged from one statement which he makes:

"Senator Lodge is the only public man I met in America who could not be bribed."

The entire story is so ridiculous that no further time need be wasted over it. It should never have been brought before the house, and Representative Richardson, in his anxiety to make political capital, has blundered sadly.

The appointment this week of Mr. C. F. Kennerstrum of Des Moines, retiring labor commissioner of Iowa, as world's fair commissioner to Norway and Sweden, fills another important post in the exposition company diplomatic corps.

FROM THE STATE PRESS

The New Route.

A special from Delta which appeared in the Denver Post of Wednesday last, says:

"A force of Denver & Rio Grande railroad surveyors is now heading for Taylor park, which would seem to settle the route of the new road. Parties who are in a position to know say that the road will be changed to standard gauge between Grand Junction and Delta and that the new road now building will be the main line between Grand Junction and Denver. The new road going via Delta, Taylor Park and Buena Vista will shorten the line very materially for transcontinental business.

The route as proposed will leave the present main line of the Rio Grande at Buena Vista, cross Cottonwood pass, come through Taylor park and thence follow down Taylor river to Almont, from where it will follow up this valley to Augusta mountain, which will be tunneled near the base, thus leaving a fine even grade the remainder of the way down the valley through Paonia and Hotchkiss to Delta. The points to be urged in favor of this route, as against the present line from Salida via Gunnison to Grand Junction, are important and numerous. First, it would remove the immense expense of operating over Marshall pass and Cerro hill and through Black canon. Second, the new route is more feasible for a standard gauge than the old one on account of the easier grades and generally better topography of the country. Third, the new route would immediately develop the wide area of rich virgin territory in the northwestern section of Gunnison county and the eastern part of Delta county, and as a consequence, create a vast amount of new traffic. Fourth, it is becoming more apparent every day that the interests of D. & R. G. and C. F. & I. Co. are conflicting and as it is said that the former has secured control of a large tract of coal land in the anthracite section it is quite reasonable to suppose that the road would desire to open it up.

The importance of this projected movement to Crested Butte is inestimable. Its consummation would open up and develop the marvelous natural resources of the contiguous territory; and the advantage which would accrue to the town from the inauguration of the many new enterprises, which would come as a matter of course, would quickly double our population and greatly enlarge our importance as a trade center.

The following paragraph from the Delta Independent demonstrates that there is tangible evidence that the line will be constructed over this route:

'The new branch of the Denver & Rio Grande from Delta through the valley of the North Fork and thence on to Crested Butte is beginning to assume shape. Grading began at the Delta end the first of the week and it is understood that as soon as the surveyors get the line ready contracts will be let all along. The contracts already let call for the line to be completed from Delta to a point across the Gunnison river near the state bridge by May 10, and also that the bridge over the river will be ready for the ties and iron at that time. Numerous grading parties will be scattered all along the line and by the time the first section already let is completed the other sections will be well along. Without a doubt this new line will be made the main line across the state, being much the shortest, and from the immense amount of traffic in coal and fruit and other products, it will gather from the country run through. The largest body of coal in the state and probably in the west lies along the headwaters of the North Fork and on Anthracite and Coal creeks. In opening up these fields not only Colorado but the entire west could be supplied with the finest of both hard and soft coal.''—(Elk Mountain Pilot.

Northwest Colorado.

The two things which have been given most consideration in the papers during the past ten days have been the change in ownership of the Colorado & Southern railroad, and the building of a new line west through Middle Park to Salt Lake City. As to the former little is known as yet, except that there is assurance that the Colorado & Southern will maintain its independence, and will be continued as a Colorado road. The project to build from Denver west to Salt Lake through Routt county has been the hope of the people of this state for many years. The road is badly needed as a matter of furnishing railroad facilities to a large portion of the state, as well as making a much shorter line between Denver and the chief city of Utah. The saving of time and distance is estimated at a distance of 190 miles and shortening of the period of travel about 10 hours. This alone would assure a large through business for the proposed road. It would also give the Burlington or Rock Island an outlet to the coast. The chief benefit would inure to the northwestern part of the state. Between the Union Pacific on the north and the Rio Grande on the south and the east foothills of the Rocky mountains and Salt Lake lies a stretch of country over 400 miles long and 175 miles wide in which there is no railroad. This area is practically as large as the state of New York, Pennsylvania or Ohio and fully 80 per cent of it lies in this state. This region is rich in coal, oil, copper, gold and silver, as well as in other minerals found elsewhere in this state. A large part of this area is as valuable for farming and stockraising as any other district in the state. The field is an inviting one for a railroad and since those who have undertaken the task are experienced men in such undertakings we may expect to see this road built within a reasonable time.—(Greeley Sun.

Arkansas Valley Trolley Line.

Plans for a mammoth electric line system through the Arkansas Valley, extending from La Junta to Pueblo, have just been made public. The articles of incorporation of the company were filed in Pueblo yesterday, and an application for a franchise in that city is now being considered by the city council. The company will probably apply for a right-of-way over the highways of Otero county at the next meeting of the board of county commissioners.

The company will have a capitalization of $2,000,000 and it is stated that the bonds are already sold. Outside capital and plenty of it is behind the proposition. The directors chosen for the first year are as follows: Gov. James B. Orman, Andrew Park, A. P. Busey, Orson E. Blake, Dr. Frank Finney, of La Junta, W. E. Bondurant, of Wichita, Kansas, and E. G. Middlecamp.

Actual construction will begin upon the road within six months and before the close of the year we may expect to see trolley cars running between La Junta and Pueblo. There will be a service of several trains daily. Freight trains will be maintained which will carry sugar beets to the big factories and produce of the farms to market. Nearly every farm of any productive value between La Junta and Pueblo will be tapped. The company also proposes to furnish power and light to every farm house, where it is desired, and the plant will be of sufficient capacity to furnish light for every village and hamlet along the line.

The whole proposition is business from the start, and has been under way for six months, but everything has been done so quietly that not even a rumor of it reached the public.—(La Junta Tribune.

Key to Wealth

Persistent saving is the infallible key to wealth. Many persons are, for the first time, saving money by incurring a debt for a home and paying it off in easy monthly installments. Others save under some system of deposits. The requirements of both of these classes are provided for in the attractive plans of The Assurance Savings and Loan Association, 109 E. Kiowa.

TASMANIA AND HAWAII

Mrs. A. Gough of London, Relates Some Interesting Experiences in Various Climes.

With a new northwester blowing a gale so that it was impossible for any human being to stand erect in the face of the wind a cold rain and sleet pouring down in torrents and during the inky blackness of a stormy tropical night Mrs A Gough of London, England spent a night on the Tasman glacier in Tasmania just for the experience it Mrs Gough is a writer of considerable renown and is famed for her wonderful feats of mountain climbing

"No indeed I would not climb Pike's Peak" she replied in answer to a question as to whether she would attempt to scale the peak

"Why you have a trail up there and a cog road besides That would be too easy But I hear that there are 17 peaks yet unnamed in the Rockies and that no one has yet been able to climb They might be worthy of my efforts if I could remain here which unfortunately I cannot" said Mrs Gough at the Alta Vista last night Mrs Gough is making a trip of the globe gathering material for writing and by way of exercise climbing almost insurmountable mountain heights and otherwise amusing herself as only an original English woman may

"In taking the trip up the Tasman glacier which is one of the hardest in the world I went with another woman who was also going for the novelty of the trip It is about fifteen miles long We attempted to reach a hut situated along the glacier but night came along with a storm and we missed it It blew so hard that was impossible to stand erect We had to lie flat on the ice with the rain and sleet beating down upon us Indeed I never thought that I should come out alive The crevices in the glacier were so wide that it was impossible to make any progress in the face of the wind We had our ice picks along and made steps in the hard crust but the wind blew so that we could not stand up and there was great danger of being blown into one of the crevices in the ice and then we would have made our entrance into the Golden Gates in short order Of course we were both rather frozen, but after a few weeks we were all right and I suppose that if there were another such glacier I should not hesitate to go I have dangled in mid air 1000 feet between myself and terra firma and had many narrow escapes from being dashed to pieces but at every new enterprise I forget the last dangers and go ahead" Mrs Gough laughs merrily as she speaks as if such feats were nothing out of the ordinary whatever "My people laugh at me and say that it is all to no purpose but if I choose to amuse myself in this way why should any one find fault?"

Mrs Gough has just spent five months in Hawaii studying the social and political situation of the Sandwich Islanders She has lived there at other times and is well acquainted with the ex-Queen Liliuokalani and other persons of the royal family as well as with President Dole and his wife She says the queen is a well educated woman possessing uncommon intelligence and tact

"Hawaii is the land of the lotus eaters It is a happy country where the flowers bloom and the birds sing all the year round One forgets that there is such a thing as political problems If one has a birthday in winter, winter never comes and you remain always young The women are the most charming in the world They possess a fine dignity of carriage and yet they are not austere or cold They are always smiling and are the most generous people on earth They will give you anything merely for your asking for it Hawaiians are just like children and should be treated as such Of all the Malay race they are the most intelligent and the best looking They are easily taught and are great lovers of poetry and romance and music Yet after all one cannot help feeling sorry that they are being civilized because civilization is not only making them unhappy but they are dying out very fast In the first place the conditions are such that they no longer subsist upon the food that they have for generations been accustomed to All the land—every acre of it—is now cultivated for sugar and the poi, the great native diet which they used to live upon is being replaced by American flour and the result is that they are poorly nourished and are degenerating in physique and health Poi is the ground up meal of the tarrow root which is very nutritious They cook it and make it into a kind of paste almost like starch Now the tarrow fields are obliterated They use flour cook it in the same way as poi and it is a sticky unwholesome mass Then in the matter of clothes they are suffering also It is all very well when a people fight for civilization but when missionaries come and throw clothes at them and insist that they be worn when they have never been encumbered with such things the results cannot be good It rains a great deal—in fact every day—and when their clothes become saturated they have not enough sense to know that they must take them off They have not been trained in the use of clothes The result is that they are dying off with consumption and pneumonia

"Then too the industrial and political conditions there are not making a happy people of the Hawaiians The labor restrictions do not work to the advantage of the islands They are a people accustomed to but little labor It has never been necessary for them to work but a few hours daily and they have not the hardihood to stand much continued work There are not enough laborers on the islands American labor laws exclude the Chinamen and a great class of other imported labor. As a result business is at a standstill there, and all evidences of prosperity are lacking"

Mrs Gough came from the island in company with President Dole who is en route to Washington to confer with President Roosevelt regarding the political and industrial condition Mr and Mrs H Coles of Australia, are with Mrs Gough and the party is en route to London

HEALTH DEPARTMENT ISSUES ORDERS TO STREET COMMISSIONER

Tells Him to Get His Force to Work Removing Menacing Limbs and Ostructions.

The health department has issued an order to the effect that the public streets and thoroughfares in this city are in a condition that warrants the censure of the department The order states that there are existing along the public streets and thoroughfares menaces to life and safety in the form of dead trees dead portions of living trees and untrimmed trees which for the lack of proper trimming and cutting have outgrown the limitations of safety

The order is addressed to the street commissioner who is requested to serve notice upon property holders that whenever such obstruction exists upon their private property it is to be removed

At this time of the year it is well to trim up the trees and to cut away all overgrown branches The street commissioner has had a force of men at work during the past week cleaning out the irrigation ditches and putting them in shape to receive the water

[illegible]DAY PROGRESS

DONATION OF BOOKS TO THE BOYS CLUB IS MADE

Careful Selection of Titles Makes the Gift an Exceedingly Valuable One.

The members of the Monday Progress club have been interesting themselves lately in the Boys Club association This was substantially shown yesterday when a box of books was donated to the library The books [illegible] in number are admirably chosen being just such as boys like yet instructive Included are juvenile histories travel and standard fiction also several years files of the ever popular St Nicholas

RANCHERS RESTRAINED FROM TAKING STOCK

An injunction was granted by Judge Cunningham of the district court restraining H A McMahon and J L McMahon from in any way interfering with the possession of the premises or stock of the petitioner F F DeWitt The details of the trouble have already appeared in these columns the case involving difficulty between the parties named who run ranches south of this city

[illegible] RELIEVED OF PAYMENT OF COSTS

On the order of Judge Cunningham of the district court Thomas Holland was yesterday released from the county jail Holland had completed his term of 60 days in jail for petit larceny and alleged that he was unable to pay the costs which had been charged up against him and prayed that he be released His petition was therefore granted

DIED.

On April 5 1902 at the home of her daughter Mrs Elva L Strong 1119 Washington avenue Mrs Mary J Strong, nee Aber at the age of 81 years the direct cause of death being congestion of the lungs Deceased had been a resident of this city since March 2 1886 having been for many years past in very delicate health

She was a cousin of Rev Lewis Hamilton a pioneer Presbyterian minister of Pueblo presbytery and also a cousin of Rev Mr Hamilton for many years directly interested in and closely connected with the famous Lick observatory Mt Hamilton California

Her remarkably sweet and sunny disposition won for her the lasting love and esteem of all with whom she came in contact and she will ever be remembered by all who knew her for her patience and cheerfulness which she possessed in a very marked degree

[illegible] CORPORAL WILL [illegible]

Was Shot [illegible] Cleaning His Rifle—Body Is Not [illegible]

Mr Asa Curl father of Corporal William E Curl who was accidentally killed in the Philippines last fall has received the following letter from the first lieutenant of the company to which Corporal Curl belonged

The letter is in answer to one of inquiry sent by Mr Curl and will be of interest to the students at Colorado college and all other friends of the late corporal

Talavera N E P I March 1 1902
Asa Curl

Amo Colo

Sir—I received your letter of January 16 today and will answer it at once I have the ring you speak of and will send it by the first sure hand We have no registered mail in this part of the country so I have to usually run the risk of things going to their destination But I think it better in this case to wait until one of the officers of this station goes to Manila which will be soon and there have the letter registered I allowed another scout named McCann to take some letters which he had to the United States as he said he was going to stop and see you as he went through your town

In regard to the manner of your son's death I am sorry to say that he had come through familiarity as so many of us do, somewhat careless in handling his rifle, and must have tried to run a cleaning rod through it when it was loaded When he found an obstruction in the gun he withdrew the rod and dropped the butt of the gun to the floor the shock discharging it and the bullet striking him in the forehead killing him instantly and painlessly We found the cleaning rod beside the rifle on the floor He had told one of his men less than five minutes before that he was going to clean his gun. So we know that must have been the way of it

I will notify you as soon as I know myself when his body is to be sent home But I cannot tell now, as the burial corps does not come to these small stations only at stated periods You probably have some one you can get to ask that the necessary steps be taken at once and I will do anything at this end which will help that I can

In conclusion I desire to say that you and your family have my sympathy and that of your son's comrades in this your great bereavement and that your son was in my opinion as fine and manly a young man as I ever met He was a good comrade, a true friend a temperate intelligent and model soldier Highly esteemed and loved by all he died a soldier's death as much as though he had been killed in battle which as you were once a soldier should be of some consolation to you Your son had always done his full duty and was not afraid to die if death came to him And how many of us can say as much for ourselves?

I am very sincerely yours
Carl P Stone
First Lieutenant Philippine Scouts
Talavera, Nueva Ecija P I

NEW YORK WOMEN TO COME HERE

Biennial Delegation Will Be in Manitou May 16 and Local Women Will Hold Reception.

The executive board of the Woman's club met yesterday morning at 10 o'clock in the home of Mrs Franklin E Brooks 1324 North Nevada avenue Mrs Brooks is first vice president of the club and chairman of the executive committee Of the 18 members 15 were present and much enthusiasm was manifest

Announcement was made that the special bearing the New York delegation among whom will be many representatives of the International Sunshine society and the president general Mrs Cynthia Westover Alden would be in Manitou and Colorado Springs on May 16 enroute home from the Los Angeles biennial meeting

The secretary of the executive committee was appointed to confer with the city Federation of Women with a view to giving the party an informal reception

While discussion was free and animated upon the various subjects under consideration at all times a desire was shown to conscientiously act for the highest and best interests that omened well for efficient work upon the broad fields mapped out

Mrs Robert Kerr introduced the subject of the book carnival which it has been proposed shall be given in aid of the free public library of Colorado Springs A motion having been made that the Woman's club assist toward its success, was after some discussion and explanations of it, carried unanimously and the chair was empowered to appoint a committee of five to formulate plans said committee to be named at the executive meeting of April 19 A suggestion that the carnival be arranged for the last week in May was received favorably

By a unanimous vote the time for the executive meeting was changed from 10 a m to 2 p m one hour before the regular meeting of the Woman's club the third Saturday in each month which was also changed from 2 30 to 3 p m

As certain provisions in the constitution and by-laws conflicted somewhat the document was referred back to the original committee with the request that they make the necessary corrections at once

On careful canvass of the subjects it was deemed inadvisable for the club to join the general federation at so early a date in its career the main obstacle being a financial one It seems from the treasurer's statement that about 50 who have caused their names to be enrolled have not yet paid the 60 cents due for the balance of the year

CHANGE OF VENUE DENIED IN CASADY-CROWELL CASE

J B Casady thinks that Judge Cunningham of the district court is to such an extent prejudiced in his relations with the defendant in the case of Casaday vs J Reid Crowell that it was impossible for the plaintiff to get a fair hearing and for that reason a motion was filed in the court yesterday praying that a change of venue be granted The motion was not allowed

Mr Casady's former lawyers Mr Parlin and Essex of this city have withdrawn from the case and yesterday a motion was filed by Messrs Stidger and Reid of Denver The motion alleged that J Reid Crowell and his law partner W D A Lombard whom the plaintiff supposes to be assisting the defendant stand in such friendly relations with the judge of the court, socially and politically, as well as otherwise that they exert and have a strong influence over the judge

The suit it will be remembered, was brought by Mr Casady to recover $4 000 which it is alleged was promised the plaintiff for his services in assisting Mr Crowell in the case of Nellie Lewis vs Sam Strong who was killed in Cripple Creek last summer A short time ago some of the vital portions of Mr Casady's complaint were stricken out by order of the judge in the case

In refusing to allow the motion of Casady's attorneys yesterday Judge Cunningham disclaimed any prejudice in the case by reason of his relations with the plaintiff but stated that Judge Seeds or some other judge of equal rank would be asked to hear the case

In the case of A B Williams vs the Board of County Commissioners, an answer was filed by the commissioners and a separate answer was filed by the city of Colorado Springs which is also a party to the suit

FOR DEAVER

SHERIFF HURTS FROM TENNESSEE ARRIVED YESTERDAY

Has Extradition Papers and Will Probably Leave Today With His Prisoner.

Requisition papers for Dr F J. Deaver were brought to this city yesterday afternoon by Sheriff Hurts of Nashville Tenn Governor Orman honored the papers of the governor of Tennessee and Hurts will probably leave today with his prisoner Deaver is alleged to have bought a carriage on the installment plan and then to have shipped it out of the state Under the Tennessee statutes this is grand larceny Deputy Sheriff Larrabee arrested Deaver in Pueblo a few days ago and he was taken to the county jail to await the arrival of Hurts with the necessary papers.

"A Word to the Wise" ... Regarding Furniture, Etc.

It is an important fact worth knowing, that there are evidences of a general advance by manufacturers in the cost of Furniture, Iron Bedsteads, Linoleums, etc. The chair manufacturers have recently advanced prices on chairs; chamber furniture manufacturers have put up prices, and today the manufacturers notify the trade of an advance, while there are rumors of other lines being advanced. With my enormous stock on hand, and orders outstanding before the advance, I am in position to give my patrons large inducements to place orders now. With conditions as they are, it is wise to anticipate wants and BUY NOW.

PORTLAND MINE LESSEES PASSED UP THE WAR SMELTER TRUST.

President Burns Issues This Promised Statement in Which It Appears That in Order to Pay the Dividend He Will Have to Produce a Large Amount of Ore and Pay Heavy Treatment Charges.

The statement promised by President Burns of the Portland Gold Mining company last Saturday was issued yesterday, and fully explains the reason which governed the directors in passing the dividend. As assumed in these columns, the necessity of curtailing the production because of exhorbitant treatment charges is the chief reason.

The statement is as follows:

Colorado Springs, Colo., April 7, 1902.

To the Stockholders of the Portland Gold Mining company:

At the regular monthly meeting of the board of directors, held at the office of the company, in Colorado Springs, on Saturday, April 5, it was unanimously decided, after a detailed discussion, to pass the usual quarterly dividend.

This conclusion was arrived at purely as a business proposition, on account of the temporary curtailment of production at the mine, which in turn was made necessary by the increase of already excessive treatment charges exacted by the mill and smelter trust, and restrictions on shipments of ore imposed by them, together with the unjust system of sampling adopted by the smelters, whereby only one-fifth of an ore shipment is crushed for sampling purposes.

For these reasons the smelter shipments are being cut off, and in view of the fact that our mill will be treating ore by the 15th of May, it was deemed unwise to increase shipments to the custom mills. There are payments now coming due on a large number of contracts for mill construction, etc., and this action is taken as a result of the conditions above mentioned.

The physical condition of the mine was never better, and upon completion of our mill, will have an increased earning power, when regular dividends will be resumed. We wish to most emphatically deny the newspaper rumors to the effect that a sale of the property is pending. Nothing of the kind is even contemplated. Respectfully submitted, James F. Burns.

As a result of the passing of the dividend the stock declined to $2 yesterday, and the market was weak in sympathy with this radical break. This is lower that Portland has sold for many years. This is not the first time that the dividend has been passed, however, a similar action having been taken four years ago, and wisely taken, as afterwards developed.

Although the decline of the stock would indicate that the stockholders who have sold believe they will lose because the dividend has been passed, it is a matter of fact that they will gain very materially. President Burns mentions the necessity of meeting payments on the new mill. These will be so heavy that in order to pay the dividend as well it would be necessary to increase the production from the mine very greatly. Increasing the production would mean that the smelter trust would bleed to the company just so much more.

Accordingly, the company will leave the dividend unmined, so to speak, and when their own mill is in operation the ore will be taken out and treated at a saving of many thousand dollars. In other words, to pay the present dividend of $180,000 it would probably be necessary to take out enough ore to pay $200,000. The company proposes to save the extra $20,000 to the stockholders.

The tyranny of the smelter trust, and the unavoidable delays in completing the mill are the cause which compel the Portland management to pass the dividend. For neither of these is the management in any way to blame, and the passing of the dividend is looked upon in mining circles, where it was very thoroughly discussed yesterday, as an eminently sensible and business-like proceeding.

SMELTER TRUST BUYS THE SAMPLERS

Only One Independent Sampler Left in Cripple Creek—Trust Gradually Getting the Mines in Its Greedy Clutch.

A prominent mining man who is connected with the deal stated, yesterday that the Smelter trust is buying up the Cripple Creek samplers, so as to control completely the ore which comes from the mines. The consideration which is to be paid for the different samplers is not yet known. The Rio Grande and Taylor and Brunton samplers have already been acquired, and negotiations are now pending for the Eagle sampler, which is now the only independent plant in the district, outside of that controlled by the Woods Investment company in connection with their Economic mill. There are several samplers in the district which are not operating and which may not be even of enough importance to the trust to tie up.

The significance of this absorption is that the trust will now control the destination of all ores sent to the samplers as it has been the custom of these plants to themselves settle for the ores for the mine owners. The trust can also take the ore directly to their smelters and mills without sampling at all, which will compel the mines to accept the values placed upon the ore by the trust. Heretofore, the samplers have acted as compromising agents between the mines and smelters.

This is the latest move in the same kind of a freeze-out manipulation which is being practiced by all the great corporations in the country. Its ultimate effect on the mining industry in Cripple Creek cannot be hazarded at this time; but large mine owners realize to the fullest extent its deep importance and will do all that they can to protect themselves.

NEW MINE OPENED IN ISABELLA

Promising Discovery Made 500 Feet South of the Lee Shaft Where $22 Ore is Being Developed—Mine Making Some Money.

General Manager De La Vergne returned from Cripple Creek yesterday and reported that a new vein had been developed in the property of the Isabella company which promised very well. At a point 500 feet south of the Lee shaft in the fifth level a vein was cut some time ago, but never developed. Lately drifting has been started, the vein has widened to two feet, and the values have increased until now they are averaging about $22 in gold to the ton. The drift is being pushed on for a further improvement, and it is thought that this lode may be a valuable addition to the assets of the property.

Mr. De La Vergne also stated that the mine was gradually getting on a substantial basis of operation, and that, instead of losing money, the property would make a slight profit this month. The surface plant has been thoroughly overhauled and the machinery is working very smoothly. Development work is in progress in several portions of the property, and a very fair amount of ore is being taken out.

It is thought that if the mine can keep along with expenses for the next few months while extended development work is being prosecuted, that it has an excellent chance of coming up again.

AMANDA LESSEES OPENED GOOD ORE

McLeary and Klein Have Developed a Vein and a Depth of 40 Feet From Which a Sample Shipment Returned $22.40 Per Ton.

Returns were received yesterday at the local offices of the Amanda Consolidated company from a trial shipment sent out by McLeary and Klein, leasing on the Windy Point property of this company. The consignment consisted of five tons, which was settled for at the rate of $22.40 in gold to the ton.

The company recently granted a lease to these persons, and work was started in a shaft which was already down a short distance. At a depth of 40 feet a good vein was opened and values almost immediately encountered. A small lot was got out at once to determine the value of the strike, and development work is now proceeding vigorously.

A second set of lessees is at work on the adjoining block, and some ore is being obtained from a good vein opened in that shaft. The property is well located, and is developing very well since the work was left in the hands of lessees.

BATTLE MT. PAYS STOCKHOLDERS

Share for Share of the Uinta Tunnel Stock is Declared Payable to Battle Mt. Con. Stockholders.

The directors of the Battle Mountain Consolidated company have just declared a dividend of 2,425,800 shares of stock in the Uinta Tunnel Mining & Transportation company, which is at the rate of one share of Uinta for every share of Battle Mountain. Some time ago the latter company acquired the capital stock of the tunnel company, thinking it wise to control it, as it would drain the Battle Mountain property.

Lately, however, the United Mines tunnel has been started to drain and develop the property, and there is no reason for the corporation to hold the Uinta stock. The dividend will be paid 10 days from today. After it is paid some 600,000 shares will still remain in the Battle Mountain treasury, and there is a good block of the stock in the Uinta treasury for the purpose of guarding the company's various interests, now legally involved.

The Uinta tunnel and laterals amount to something like 2,600 feet, and valuable lode claims are also held.

MINERS ARE LOOKING NEW

R. P. Russell, leasing on the Rubic of the Princess Alice Consolidated, is making a very encouraging showing at a depth of 1,125 feet. At this depth the bottom level has been run and a better grade of ore is being obtained than in any of the immediate upper levels of the property. Development is being prosecuted as vigorously as possible, and it is thought that there will be some very good news from this old mine in a very short time.

SHAFT OF WILD HORSE TO BE SUNK 1500 FEET.

The Wild Horse mine, belonging to the Consolidated Mines company, is to have the deepest shaft on Bull hill. The manager, Mr. Frank M. Woods, states that it is the intention of the management to sink the shaft to a depth of 1,500 feet, and then to even carry it down to the depth of 2,000 feet, for the present plant of machinery is capable of working to that depth.

A crosscut is also being driven, diagonally over to the main Wild Horse vein and ore shoot at the 870-foot level, and should reach the ore body with an additional 270-foot drive. The Wild Horse mine now ranks with the foremost in the district. Its ore bodies are extensive and its product is without doubt averaging higher than that of any other shipper in the camp. What is of even greater importance is the fact that the ore is known to be continuous down to the tunnel level already mentioned. A winze has already been sunk on ore all the way from the 700 to the 970-foot point. This mineral has carried the remarkable average of better than $75 a ton. On account of the vast amount of development work now being prosecuted the output from the property will be lighter than usual this month. The company is distributing a regular monthly dividend of $19,000, and from present indications will be able to keep up the payments for an indefinite period.

VINDICATOR STRIKE WILL AMOUNT TO $27,000.

The ore taken from the fabulously rich strike recently made in the workings of the Vindicator mine has been sacked into 12 sacks, which is worth $46 in gold to the pound. The average weight of the sacks is about 50 pounds each. On this basis the Vindicator will receive $27,000 for the rich pocket of ore recently encountered in the mine. It is reported that this rich strike like so many, has been nothing more than a pocket. It is thought, however, that there is much rich ore yet to be mined out of the workings.

[illegible] WIVES, MOTHERS AND DAUGHTERS

Too Many of Them Are Nerveless, Weak, Pale and Anaemic.

PAINE'S CELERY COMPOUND

Reaches the Root of Every Female Trouble and Makes Our Women Strong and Vigorous.

It is a most regrettable fact, and a calamity, too, that our women, young and old, are numbered amongst the most unhealthy females in the civilized world. For delicacy of beauty, intellectual capacity, and for all graces that adorn the sex, they stand peerless; but it is doubtful if one in ten can be found who is functionally and organically well.

This absence of feminine health and vigorous vitality is due to a neglect of nature's unerring laws. Immediate reformation is necessary if our nation would have women who will become true wives and mothers with an offspring that will prove a strength to the country.

For the special weaknesses to which women are now victims, Paine's Celery Compound is the surest and safest remedy. The wonderful strengthening and building-up properties of this marvelous prescription devised by that eminent medical expert, Prof. Edward E. Phelps, M. D., LL. D., and its specific action in correcting disorders of the female organism, are well known to the medical profession and to the tens of thousands of women who have been raised from weakness and disease to health and physical happiness.

Paine's Celery Compound quickly gives the true health tint to sallow and bloodless faces; it gives life and light to the eyes; it gives pure, clean blood to course through the body; it gives natural appetite, sweet sleep, and that blessed cheerfulness that is the delight of men. Try a bottle or two of Paine's Celery Compound, dear suffering and run down sister. Your condition, your family interests, and the welfare of society demand this effort on your part.

DIAMOND DYES color anything any color. Never fail. Never fade!

DIFFERENCE IN ENGLISH AND AMERICAN INVESTORS.

How many Americans after an experience like that which the English purchasers of Stratton's Independence had in Cripple Creek would seriously consider a proposition to put a large sum of money into another Colorado mine? Few would be so bold or so sensible.

But Englishmen are different. They have been over-sea investors for generations, and hence, in a large measure their conquest of the commerce of the world. Disappointed in one venture, they pocket their losses and are ready for another. It can hardly be doubted that if a proposition were made to the men who bought the Independence to buy some other great Cripple Creek mine they would take up the offer if the representations should be borne out by their own investigation. They would no doubt be justified in this, for the failure of one mine is not necessarily the failure of an entire district, though many Americans would condemn a district as an entirety because of their disappointment in one venture.

The Cripple Creek district will, probably, be producing millions of dollars in gold when this generation has passed away. It is a great mineral region, and there is good reason to believe that in localities that today produce but little gold, rich and extensive ore bodies will be disclosed. The fact that Mr. Stratton is investing a large part of the money received by him in the sale of the Independence is evidence of his faith in the wealth of the district. He may be mistaken, but the judgment of a miner is shown by the way in which he invests his money.

The same spirit which makes the Englishmen who bought the Independence consider seriously embarking upon new ventures is what will ultimately develop the mineral resources of the whole of Colorado.—[Denver Republican.

RECENT FILING OF LEASES AND DEED.

A two-thirds interest in the Lesher lease on the Addie C. on Mineral hill was transferred today to Ed McDaniel and J. K. Weyand of this city, Lesher retaining a one-third interest. The sum paid is not made public, but is understood to be large. The prospect will be equipped with considerable machinery at once and actively worked. The property adjoins the Laura Lee and the extension of the rich lodes originally found on that claim have been opened up on the Lesher block.

A sheriff's certificate of redemption was filed this morning by I. N. Harris of the Albemarle G. M. & M. company for the Clover Leaf lode. A deed for the property was held by William Whelan for $246.36 taxes.

L. G. Campbell and others, for a nominal consideration, have deeded to the Dawson & Cripple Creek company the Big John and Little John lodes.

PRODUCTIONS FROM VARIOUS WORKINGS ABOUT CAMP.

The production from the Legal Tender of the Golden Cycle company last month reached a total of 2,500 tons of about $30 average value. The old La Belle workings of this company have been leased to Stebbins & Cox, well-known lessees. They have installed a steam hoist and started work. This property has produced considerable good ore in the past and the lessees are confident that with development they will find more.

A carload shipment was sent out today from the Carger & Sipchen leases on the south end of the London-Jerry. The ore is estimated to return between $35 and $50 a ton.

The Salvey lease on the Burns of the Acacia company has about 60 tons of $60 ore ready for market.

The Mitchell Leasing company, operating the Mitchell claim of the Pinnacle company, sent out a carload of $50 ore today.

The old Deer Horn, another of the Globe hill properties under Ed Johnson's charge, is shipping from 800 to 1,000 tons a month. The ore is low grade, averaging only about $20 a ton, but can be cheaply mined. The Abe Lincoln and the Chicago and Cripple Creek tunnel workings are also producing steadily.

On the American Eagles, Logar and Orpha May, fine ore bodies are being developed and every indication points to the properties of Stratton's Cripple Creek Mining & Development company figuring very prominently in this year's total output.

New machinery for the Ocean View shaft of the Modoc company is ready to start up and sinking will be resumed next week. The output from the old workings last month amounted to 12 carloads of smelting grade ore which was shipped to Pueblo. Three carloads returned values better than $300 a ton.

THE COLORADO SPRINGS MINING STOCK EXCHANGE

Colorado Springs, April 7.—As was expected the mining stock market was weak today because of the action of the Portland directors in passing the regular dividend and of the stock in declining nominally to $2, a loss of 25 cents, or a shrinkage of $750,000 in the value of the company's stock. Trading in the shares was livelier than it usually is, but was by no means remarkable, 4,000 shares changing hands. Elkton, which was stronger on Saturday, slumped off to 89 again, and El Paso went off to 49¾. Golden Cycle was also weak at 65. Acacia sold at 9⅞, Doctor at 43½, Jack Pot at 30 and Vindicator was stationary at $1.10. A small amount of Isabella was sold at 25½. This stock manifests a considerable amount of strength on the present market, and Butterfly was also in demand, selling at 17. Little Puck declined fractionally to 6⅞ and C. K. & N. fell off to 5 again. Trading was best in the mines list, where selling was conspicuous, although the demand was very fair. Both departments of prospects were inactive and inclined toward sympathetic weakness.

EASTERN MARKETS

New York Stock Market.

By Associated Press.

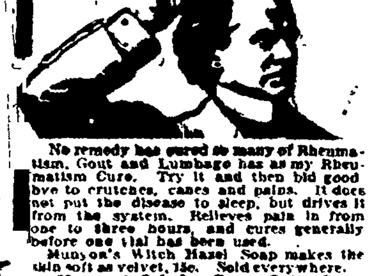

New York, April 7.—The upward movement of stocks which had attained some headway during the latter part of last week did not prosper today in face of the rapidly contracting supplies in the money market. The stocks which were made the leaders of last week's movement were the chief sufferers from the selling. The total volume of dealings fell considerably below the million share mark touched on Friday but considerably more than one-third of the total was made up of St. Paul, Louisville & Nashville and Union Pacific. The selling cost St. Paul 2⅝, L. & N. 1⅞ and Union Pacific 1⅜. This course of events naturally detracted somewhat from the interest in the conjectures of the source of the heavy demand for these stocks and the community of interest and merger project which might be aimed at. Wall street's suspicion of last week that the movement was a speculative maneuver to invite a following in the general market was strengthened. The abrupt reaction in these stocks as a result of the developments in the money market was chiefly remarkable from the fact that those developments were generally admitted to be impending last week. The answer made to this was that the abundance of capital in the west would relieve the situation and would give free scope to the buying of stocks. But when the call money rate shot up to seven per cent. this afternoon, the highest point of the season, this assurance did not avail to prevent throwing over of large amounts of stock. All portions of the list were affected and today's losses run quite generally from one to two and over that in exceptional cases. Amalgamated Copper ignored the general tendency of the market, as it did when the market was going up, and rose at the last of the day to 1½ over last week. Other firm spots were in the local tractions, some of the express stocks, Westinghouse Electric, Chicago & Alton, the Wisconsin Central stocks, and the Duluth, South Shore and Atlantic stocks. The action of the day's grain markets gave some intimation that last week's stock market assumptions of the safety of the winter wheat crop were somewhat premature. But the flurry in the money market was the overshadowing influence and the market closed active and easy and generally at the lowest.

A few of the newer bond issues were advanced, but the general tendency was slightly easier in sympathy with stocks. Total sales, par value, $4,540,000.

U. S. bonds were all unchanged on the last call.

Continuous quotations. N. Y. stocks, bonds, cotton, Chicago grain, provisions. Wm. A. Otis & Co., 127 E. Pike's Peak.

MUNYON'S RHEUMATISM CURE

No remedy has cured so many of Rheumatism, Gout and Lumbago as my Rheumatism Cure. Try it and then bid good bye to crutches, canes and pains. It does not put the disease to sleep, but drives it from the system. Relieves pain in from one to three hours, and cures generally before one vial has been used.

Munyon's Witch Hazel Soap makes the skin soft as velvet, 15c. Sold everywhere.

Munyon's Inhaler Cures Catarrh.

The Metal Market.

By Associated Press.

New York, April 7.—A very good rise in values for tin was cabled from London today as a result of a large speculative demand. Closing prices were £1 net higher, with spot at £123, 15s and futures at £121, 15s. New York followed with a gain of more than one cent a pound, closing with spot $27.70@28.00 with a strong tone. Copper was easy at New York with spot at 12 to 12¼ for lake, $12.15 for electrolytic and 12 for casting. London copper prices were unchanged here and abroad. New York closed at 4½ and London closed at £11, 8s 9d. Spelter was quiet, steady and unchanged at New York at $4.40 and London at £17, 15s. Iron locally ruled steady and unchanged. The English markets were higher, Glasgow closing at 53s 6d and Middlesboro at 47s 7½d.

London Market.

By Associated Press.

New York, April 7.—Commercial Advertiser's London financial cablegram: The stock market was quiet on the eve of the settlement but was inclined to be irregular. Kaffirs improved on the discovery that the speculative position had been further reduced by realizations on the rise following peace reports. American stocks were firm until New York came a seller. The feature was Louisville & Nashville which touched the extremes of 112 and 110¼, closing at 110⅝. The release of dividends had no effect upon the money market.

New York Money.

By Associated Press.

New York, April 7.—Money on call 4@7, closing bid and asked 3½@4. Prime mercantile paper, 4½@5.

Sterling exchange firm with actual business in bankers' bills at $4.87⅞ for demand and at $4.85⅝ for 60 days. Posted rates, $4.86 and $4.88½. Commercial bills, $4.84⅝@4.85⅝.

Bar silver, 58⅞. Mexican dollars, 43.

Bonds—Governments, steady; state, inactive, railroads, irregular.

Coffee Market.

By Associated Press.

New York, April 7.—Coffee—Spot Rio, quiet; No. 7 invoice, 5⅝; mild, quiet; Cordova, 8½@12.

Chicago Grain and Provisions.

By Associated Press.

Chicago, April 17.—Grain speculators had conflicting opinions regarding the outcome of the winter wheat crop which when they attempted to reconcile them with the weekly statistics, produced something of a jagged market. Prices rose and fell with the changing sentiment but in the end, in spite of corn weakness May wheat showed a gain of ⅝c. May corn closed ⅛c lower and May oats ⅛c down. Provisions lost 5 to 12½c.

The leading futures ranged as follows:

	Open.	High.	Low.	Close.
Wheat, No. 2—				
May	71¼	71½	70⅞	71¼
July	71⅝	71⅞	71⅛	71⅝
Sept	71⅜	71⅝	70⅝	71⅜
Corn, No. 2—				
May	59⅝	59½	57⅞	57⅞
July	59	59⅛	58¼	58⅝
Sept	58¾	59¼	57⅞	58¼
Oats, No. 2—				
May	42⅝	43	42¼	42½
July	33⅞	34⅛	33⅝	33⅝
Sept	29	29⅛	28⅝	28⅝
Mess Pork, bbl—				
May	16.35	16.55	16.25	16.42½
July	16.70	16.72½	16.42½	16.55
Lard, 100 lbs—				
May	9.62½	9.62½	9.40	9.47½
July	9.72½	9.75	9.52½	9.37½
Sept	9.80	9.80	9.60	9.67½
Short Ribs, 100 lbs—				
May	8.87½	8.90	8.70	8.75
July	9.00	9.02½	8.77½	8.87½
Sept	9.07½	9.10	8.90	8.97½

Cash quotations were as follows: Flour—Steady.

No. 2 spring wheat, 70⅝@72¾c; No. 3 red, 77⅝c; No. 2 yellow corn, 60c; No. 2 oats, 42⅝c; No. 2 white, 45⅛@46c; No. 3 white, 44½@45⅝c; No. 2 rye, 57c; fair to choice malting barley, 63@67c; No. 1 flax seed, $1.67; No. 1 northwestern, $1.75; mess pork, per bbl., $16.25@16.30; lard, per 100 lbs., $9.45@9.47½; short ribs sides (loose), $8.70@8.85; dry salted shoulders (boxed), 7⅝@7½c; short clear sides (boxed), $9.20@9.30; whisky, basis of high wines, $1.30; clover, contract grade, $7.95.

On the produce exchange today the butter market firm; creamery 23@30c; dairy 22@27c; cheese steady, fresh 12@13c; eggs firm, fresh 11⅝c.

People Who Do Our Bragging

Some newspapers are forced to "blow their own trumpet" for the reason that that they have no one else to do it for them. With the GAZETTE it's different. Pursuing our path with steady progress and energetic enterprise, we continue to climb, leaving to others the task of wasting time on "talk." Our patrons sing our praises, and we are grateful. Letters such as the following stimulate to further effort:

"DEAR GAZETTE:

I don't know where I stand on the delinquent subscription books, so I enclose personal check for a continuance of the good work.

The Easter GAZETTE is a splendid issue, and it is doubtful if a cleaner and more attractive paper was ever issued in the United States for that event. I do not understand how a subscriber could continue in arrears after looking over the contents of that issue.

Sincerely Yours,

(Signed) S. W. DUDLEY.

March 27, '02, White Cross, Colo

CONTROL OF THE SAMPLERS

In Cripple Creek It Is Believed That the Proposed Purchase Will Not Be Consummated—Trevarthen's Resignation—To Resume Work on The Bostwick.

Special to the Gazette.

Cripple Creek, April 7.—It is not at all likely that the proposed purchase of the individual sampling plants in the district will be consummated at any early date. It is an undisputed fact that the owners of the samplers have been approached with propositions to sell out to parties supposed to be connected with the smelting and milling industry of the state. It is understood that the plan is to do away with the sampler entirely, making consignments go direct to the smelters and reduction plants. This would cause no end of trouble to the shippers and would not prove nearly as satisfactory as the present system in which the sampling company deals with the mine owners and reduction company.

Mayor Nelson Franklin of Victor, the manager of the Eagle sampler on Battle mountain, states that the volume of business that he is doing is perfectly satisfactory and that the present conditions do not justify the transfer of the sampler to the parties intending to make the purchase. He states that the deal to buy up all the samplers in the district will not go through if it depends upon the Eagle company to enter in the contract. A. E. Carlton of the Rio Grande sampler, admits that there is a deal on, but states arrangements have taken no definite shape and that there has been nothing done except mere talk in the matter. It is regarded here as not at all likely that the Taylor & Brunton company would countenance a disposal of its interest in the district, as the company is doing a heavy volume of business. There are numerous other sampling plants that are inoperative for the reason that the up-to-date samplers are getting the whole of the business, having facilities for handling a very large tonnage of ore.

Superintendent R. A. Trevarthen today tendered his resignation to the Portland company, and Frank G. Peck, the secretary of the company arrived in the district tonight to take charge of the Portland company's interests until the new appointment is made. Mr. Trevarthen has labored under an intense nervous strain for a number of months past, and the responsibilities of his important position have impaired his health to an extent that he finds a change desirable. Assistant Superintendent Nelson who was let out a few days ago, has been reinstated and in all probability he will assume Mr. Trevarthen's position, although nothing definite in this direction has been decided upon. Recent conditions in the district have made the life of a superintendent of a large mine not particularly enviable.

Arrangements will be made within the next few days for a resumption of work upon the Bostwick company's property on Raven hill. H. A. McIntyre, the new manager of the company, is expected to arrive from California to start up operations again. The shaft is down to a depth of 375 feet and the property will be thoroughly explored by drifts and crosscuts at the 400 and 500-foot depths. No lateral work of any consequence has been performed below the 100-foot level.

Chicago Cattle Market.

By Associated Press.

Chicago, April 7.—Cattle—Receipts, 18,500, including 22 cars westerns; strong to 10c higher. Good to prime steers, $6.60@7.30; poor to medium, $4.25@6.50; stockers and feeders, $2.50@5.25; cows, $1.25@5.75; heifers, $2.50@6.00; canners, $1.40@2.40; bulls, $2.50@5.25; calves, $2.50@6.00; Texas fed steers, $5.00@6.00; western steers, hay fed, $5.20@6.00.

Hogs—Receipts today, 24,000; tomorrow, 23,000; left over, 4,000; mostly 10c higher. Mixed and butchers, $6.65@7.00; Good to choice heavy, $6.85@7.05; rough heavy, $6.65@6.85; light, $6.40@6.70; bulk of sales, $6.75@7.00.

Sheep—Receipts, 17,000; sheep steady; lambs, 10c higher. Good to choice wethers, $5.25@5.75; fair to choice mixed, $4.50@5.25; western sheep and yearlings, $4.50@6.00; native lambs, $4.75@7.00; western lambs, $6.25@7.00.

Official yesterday:

Receipts—Cattle, 67; Hogs, 8,860; sheep, 790.

Shipments—Cattle, 697; hogs, 3,123; sheep, 873.

THE HAIR BRUSH.

Breeds Dandruff, which Causes Falling Hair and Finally Baldness.

Prof. Unna, Hamburg, Germany, European authority on skin diseases, says that dandruff is as contagious as any other malevolent disease, and that one common source of the spread of dandruff is the use of the same hair brush by different persons. The way to avoid catching dandruff or any other disease from another's brush, is to insist on the use of Newbro's Herpicide. It not only kills the dandruff germ, but it is also an antiseptic that will prevent the catching of any disease whatever through contagion of another's brush.

"UNCLE SAM" AT THE WORLD'S FAIR.

United States Will Spend $6,500,000 on the Great Educational Institution.

St. Louis, April 6.—The United States government will expend a total of $6,600,000 in support of the Louisiana Purchase exposition which is to commemorate the centennial anniversary of the most important event in the history of the great American republic, with the possible exception of the signing of the Declaration of Independence.

The first appropriation made by congress was for $5,000,000 which, by the terms of the law appropriating it, is to be returned to the government out of the receipts of the Exposition company before any dividends are paid to the stockholders; none of this $5,000,000 is to be paid out of the national treasury until the $5,000,000 raised by private subscription, and the $5,000,000 appropriated by the city of St. Louis have been paid out for building the world's fair.

The government originally appropriated $250,000 for the erection of a building at the fair in which to house the government exhibits. When the work of preparing the exhibits got under way, however, the chief architect of the treasury department discovered that a building large enough could not be erected for this sum, and upon his recommendation $200,000 more was appropriated.

The estimated cost of collecting, installing and maintaining the Philippine islands exhibit, under the direction of the war department, is $250,000. For other government exhibits, including the fish and fisheries exhibit, $800,000 has been appropriated, this being one of the items in the sundry civil bill which passed the house of representatives April 2, by a unanimous vote.

In addition to the above appropriations of $20,000 for special life saving corps exhibit, $40,000 for the Indian exhibit, and $40,000 for the Alaska exhibit, have been made, making a grand total of $6,600,000.

But "Uncle Sam's" interest in the great educational undertaking is not measured alone by the dollars provided by congress, for the president, the cabinet members, the employes of the government in every department, are enthusiastic and full of determination to make the Louisiana Purchase exposition the grandest educational achievement in the world's history.

KENTUCKY WILL NOT DOWN.

Commercial Organizations of the State Will Put Up $100,000 for World's Fair Exhibit.

St. Louis, April 6.—Kentucky will be represented at the Louisiana Purchase exposition with a state building, also exhibits in all of the big exhibit buildings, even if the legislature did neglect the state's interest by failing to make a world's fair appropriation. A delegation of Kentucky gentlemen interested in the commercial welfare of the Blue Grass state, headed by Clarence Dallam, president of the Louisville Commercial club, C. C. Stewart of Lexington, John H. Dunlap, W. H. Newman, C. H. Hungerford and R. E. Hughes of Louisville, called on President Francis of the exposition at world's fair headquarters this week to make formal application for a state building site and for space in the exhibit buildings for Kentucky.

Mr. Dallam stated that the Commercial club of Louisville had started the movement to raise the funds for the exhibit by private subscription, and that all the other commercial organizations of the state were assisting in the work. At least $100,000 will be raised, and the Kentucky exhibit will be installed in time for the opening of the exposition in 1903.

"When should the exhibits be delivered on the exposition grounds?" inquired Mr. Dallam.

Mr. Francis answered that three of the large exhibit buildings were under contract to be completed before the 15th of next October, and that exhibits could be received on the grounds as soon as they were completed.

Mr. John Barrett, world's fair commissioner to Asia and Australasia, left St. Louis April 1 for the Pacific coast, expecting to sail near the close of the month for Honolulu, where he will spend a couple of weeks. He will then go to Japan, Korea, China, Burmah, Ceylon, Java, Siam and other Asiatic countries, also the Philippine islands, New Zealand and Australia.

GIVE EVERY PUPIL A CHANCE.

The Minnesota System of Preparing a World's Fair School Exhibit.

St. Louis, April 5.—During the meeting of the National Educational association convention at Minneapolis in July next, the Minnesota World's Fair commission will ask the school teachers of that state to hold a special session with a view to producing a Minnesota exhibit for the Louisiana Purchase exposition which will personally interest every pupil in the state. "We want every pupil in Minnesota to know about this exposition and to take a personal interest in it; every pupil should have a chance to contribute something," says State Superintendent of Schools Olsen.

Governor Van Sant writes: "Minnesota has always done well at national and international expositions, but we ought to make an especially good record at St. Louis. In a certain sense this exposition belongs to the west, and Minnesota has been from the first greatly interested in it. We want to have the very best exhibit in every department of production that it is possible for our state to offer. We expect to be at the top in education, I am sure. I think every pupil in the schools should be interested in the educational exhibit which this great state is to send to the exposition. If the children of Minnesota are given a chance we need not fear for the result. With their enthusiasm and determination enlisted we may be sure that Minnesota's display in the educational building in St. Louis will be one of the very best."

It is especially desired to have the rural schools contribute largely to this exhibit. County superintendents will be asked to urge upon their rural teachers the advantage of getting the scholars interested.

William G. Smith, the well-known editor of the Minnesota school journal, has started the project of offering monthly prizes for the best papers sent in by rural school pupils on various subjects. By getting the pupils interested in the competition, he believes that an especially creditable lot of papers can be secured to constitute a representative Minnesota rural school exhibit at St. Louis.

Governor White of North Dakota and Governor Herried of South Dakota will visit the site of the world's fair at St. Louis within a short time to select sites for buildings representing those two states. South Dakota will spend not less than $33,000 for her representation at the exposition.

The Mexican commissioners to the world's fair are Albion R. Nuncio, chief of the commission, Manuel de las Riedras Fernandez, assistant; Maximilliano Chabert, education, liberal arts, anthropology and social economy; Bartolo Vergara, manufacturers and machinery; Louis Julio Roulat electricity and transportation; Romulo Escobar, horticulture, game and fish; Eduardo Martinez Baco, mines and mineralogy. Senor Nuncio was chief of the Mexican commission of the Panamerican exposition and all of the gentlemen have had more or less exposition experience. Mexico is planning for a magnificent showing at the coming exposition.

How to Prevent Pneumonia.

You have good reason to fear an attack of pneumonia when you have a severe cold, accompanied by pains in the chest or in the back between the shoulders. Get a bottle of Chamberlain's Cough Remedy and use it as directed and it will prevent the threatened attack. Among the tens of thousands who have used this Remedy for colds and la grippe, we have yet to learn of a single case that has resulted in pneumonia, which shows that this remedy is a certain preventive of that dangerous disease. For sale by all druggists.

NEWSPAPERARCHIVE.COM

THE COLORADO SPRINGS MINING STOCK EXCHANGE

Colorado Springs, April 7.—As was expected the mining stock market was weak today because of the action of the Portland directors in passing the regular dividend and of the stock has declining radically to $2, a loss of 25 cents, or a shrinkage of $750,000 in the value of the company's stock. Trading in the shares was livelier than it usually is, but was by no means remarkable, 4,000 shares changing hands. Elkton, which was stronger on Saturday, slumped off to 89 again, and El Paso went off to 49¾. Golden Cycle was also weak at 65. Acacia sold at 9⅞, Doctor at 43½, Jack Pot at 30 and Vindicator was stationary at $1.10. A small amount of Isabella was sold at 25½. This stock manifests a considerable amount of strength on the present market, and Butterfly was also in demand, selling at 17. Little Puck declined fractionally to 6⅞ and C. K. & N. fell off to 5 again. Trading was best on the mines list, where selling was conspicuous, although the demand was very fair. Both departments of prospects were inactive and inclined toward sympathetic weakness.

EASTERN MARKETS

New York Stock Market.

By Associated Press.

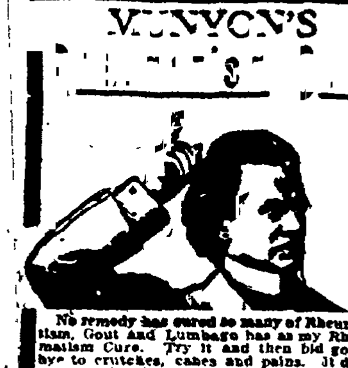

New York, April 7.—The upward movement of stocks which had attained some headway during the latter part of last week did not prosper today in face of the rapidly contracting supplies in the money market. The stocks which were made the leaders of last week's movement were the chief sufferers from the selling. The total volume of dealings fell considerably below the million share mark touched on Friday but considerably more than one-third of the total was made up of St. Paul, Louisville & Nashville and Union Pacific. The selling cost St. Paul 2⅜, L. & N. 1⅞ and Union Pacific 1⅝. This course of events naturally detracted somewhat from the interest in the conjectures of the source of the heavy demand for these stocks and the community of interest and merger project which might be aimed at. Wall street's suspicion of last week that the movement was a speculative maneuver to invite a following in the general market was strengthened. The abrupt reaction in these stocks as a result of the developments in the money market was chiefly remarkable from the fact that those developments were generally admitted to be impending last week. The answer made to this was that the abundance of capital in the west would relieve the situation and would give free scope to the buying of stocks. But when the call money rate shot up to seven per cent. this afternoon, the highest point of the season, this assurance did not avail to prevent throwing over of large amounts of stock. All portions of the list were affected and today's losses run quite generally from one to two and over that in exceptional cases. Amalgamated Copper ignored the general tendency of the market, as it did when the market was going up, and rose at the last of the day to 1⅛ over last week. Other firm spots were in the local tractions, some of the express stocks, Westinghouse Electric, Chicago & Alton, the Wisconsin Central stocks, and the Duluth, South Shore and Atlantic stocks. The action of the day's grain markets gave some intimation that last week's stock market assumptions of the safety of the winter wheat crop were somewhat premature. But the flurry in the money market was the overshadowing influence and the market closed active and easy and generally at the lowest.

A few of the newer bond issues were advanced, but the general tendency was slightly easier in sympathy with stocks. Total sales, par value, $4,540,000.

U. S. bonds were all unchanged on the last call.

Continuous quotations. N. Y. stocks, bonds, cotton, Chicago grain, provisions. Wm. A. Otis & Co., 127 E. Pike's Peak.

MUNYON'S

No remedy has cured so many of Rheumatism, Gout and Lumbago has as my Rheumatism Cure. Try it and then bid goodbye to crutches, canes and pains. It does not put the disease to sleep, but drives it from the system. Relieves pain in from one to three hours, and cures generally before one vial has been used.

Munyon's Witch Hazel Soap makes the skin soft as velvet, 15c. Sold everywhere.

The Metal Market.

By Associated Press.

New York, April 7.—A very good rise in values for tin was cabled from London today as a result of a large speculative demand. Closing prices were £1 net higher, with spot at £123, 15s and futures at £121, 15s. New York followed with a gain of more than one cent a pound, closing with spot $27.70@28.00 with a strong tone. Copper was easy at New York with spot at 12 to 12¼ for lake, $12.15 for electrolytic and 12 for casting. London copper prices were unchanged here and abroad. New York closed at 4⅛ and London closed at £11, 8s 9d. Spelter was quiet, steady and unchanged at New York at $4.40 and London at £17, 15s. Iron locally ruled steady and unchanged. The English markets were higher, Glasgow closing at 53s 6d and Middlesboro at 47s 7½d.

London Market.

By Associated Press.

New York, April 7.—Commercial Advertiser's London financial cablegram: The stock market was quiet on the eve of the settlement but was inclined to be irregular. Kaffirs improved on the discovery that the speculative position had been further reduced by realizations on the rise following peace reports. American stocks were firm until New York came a seller. The feature was Louisville & Nashville which touched the extremes of 112 and 110¾, closing at 110⅝. The release of dividends had no effect upon the money market.

New York Money.

By Associated Press.

New York, April 7.—Money on call 4@7, closing bid and asked 3½@4. Prime mercantile paper, 4½@5.

Sterling exchange firm with actual business in bankers' bills at $4.87⅝ for demand and at $4.85⅝ for 60 days. Posted rates, $4.86 and $4.88½. Commercial bills, $4.84⅝@4.85⅝.

Bar silver, 58⅞. Mexican dollars, 43.

Bonds—Governments, steady; state, inactive, railroads, irregular.

Coffee Market.

By Associated Press.

New York, April 7.—Coffee—Spot Rio, quiet: No. 7 invoice, 5⅝; mild, quiet: Cordova, 8½@12.

Chicago Grain and Provisions.

By Associated Press.

Chicago, April 17.—Grain speculators had conflicting opinions regarding the outcome of the winter wheat crop which when they attempted to reconcile them with the weekly statistics, produced something of a jagged market. Prices rose and fell with the changing sentiment but in the end, in spite of corn weakness May wheat showed a gain of ⅝c. May corn closed ¼c lower and May oats ⅛c down. Provisions lost 5 to 12½c.

The leading futures ranged as follows:

	Open.	High.	Low.	Close.
Wheat, No. 2—				
May	71⅛	71⅝	70⅝	71¼
July	71⅝	71⅞	71⅛	71⅝
Sept	71⅜	71⅝	70⅝	71⅜
Corn, No. 2—				
May	59⅝	59⅞	57⅝	57⅞
July	59	59⅛	58⅛	58⅝

People Who Do Our Bragging

Some newspapers are forced to "blow their own trumpet," for the reason that that they have no one else to do it for them. With the GAZETTE it's different. Pursuing our path with steady progress and energetic enterprise, we continue to climb, leaving to others the task of wasting time on "talk." Our patrons sing our praises, and we are grateful. Letters such as the following stimulate to further effort:

"DEAR GAZETTE:

I don't know where I stand on the delinquent subscription books, so I enclose personal check for a continuance of the good work.

The Easter GAZETTE is a splendid issue, and it is doubtful if a cleaner and more attractive paper was ever issued in the United States for that event. I do not understand how a subscriber could continue in arrears after looking over the contents of that issue.

Sincerely Yours,

(Signed) S. M. DILLEY.

March 27, '02, White Cross, Colo

CONTROL OF THE SAMPLERS

Cripple Creek Is Believed That the Proposed Purchase Will Not Be Consummated—Trevarthen's Resignation—To Resume Work on the Bostwick.

Special to the Gazette.

Cripple Creek, April 7.—It is not at all likely that the proposed purchase of the individual sampling plants in the district will be consummated at any early date. It is an undisputed fact that the owners of the samplers have been approached with propositions to sell out to parties supposed to be connected with the smelting and milling industry of the state. It is understood that the plan is to do away with the sampler entirely, making consignments go direct to the smelters and reduction plants. This would cause no end of trouble to the shippers and would not prove nearly as satisfactory as the present system in which the sampling company deals with the mine owners and reduction company.

Mayor Nelson Franklin of Victor, the manager of the Eagle sampler on Battle mountain, states that the volume of business that he is doing is perfectly satisfactory and that the present conditions do not justify the transfer of the sampler to the parties intending to make the purchase. He states that the deal to buy up all the samplers in the district will not go through if it depends upon the Eagle company to enter in the contract. A. E. Carlton of the Rio Grande sampler, admits that there is a deal on, but states arrangements have taken no definite shape and that there has been nothing done except mere talk in the matter. It is regarded here as not at all likely that the Taylor & Brunton company would countenance a disposal of its interest in the district, as the company is doing a heavy volume of business. There are numerous other sampling plants that are inoperative for the reason that the up-to-date samplers are getting the whole of the business, having facilities for handling a very large tonnage of ore.

Superintendent R. A. Trevarthen today tendered his resignation to the Portland company, and Frank G. Peck, the secretary of the company, arrived in the district tonight to take charge of the Portland company's interests until the new appointment is made. Mr. Trevarthen has labored under an intense nervous strain for a number of months past, and the responsibilities of his important position have impaired his health to an extent that he finds a change desirable. Assistant Superintendent Nelson who was let out a few days ago, has been reinstated and in all probability he will assume Mr. Trevarthen's position, although nothing definite in this direction has been decided upon. Recent conditions in the district have made the life of a superintendent of a large mine not particularly enviable.

Arrangements will be made within the next few days for a resumption of work upon the Bostwick company's property on Raven hill. H. A. McIntyre, the new manager of the company, is expected to arrive from California to start up operations again. The shaft is down to a depth of 375 feet and the property will be thoroughly explored by drifts and crosscuts at the 400 and 500-foot depths. No lateral work of any consequence has been performed below the 100-foot level.

Chicago Cattle Market.

By Associated Press.

Chicago, April 7.—Cattle—Receipts, 18,500, including 22 cars westerns; strong to 10c higher. Good to prime steers, $6.60@7.30; poor to medium, $4.25@6.50; stockers and feeders, $2.50@5.25; cows, $1.25@5.75; heifers, $2.50@6.00; canners, $1.40@2.40; bulls, $2.50@5.25; calves, $2.50@6.00; Texas fed steers, $5.00@6.00; western steers, hay fed, $5.20@6.00.

Hogs—Receipts today, 24,000; tomorrow, 23,000; left over, 4,000; mostly 10c higher. Mixed and butchers, $6.65@7.00; Good to choice heavy, $6.85@7.05; rough heavy, $6.65@6.85; light, $6.40@6.70; bulk of sales, $6.75@7.00.

Sheep—Receipts, 17,000; sheep steady; lambs, 10c higher. Good to choice wethers, $5.25@5.75; fair to choice mixed, $4.50@5.25; western sheep and yearlings, $4.50@6.00; native lambs, $4.75@7.00; western lambs, $6.25@7.00.

Official yesterday:

Receipts—Cattle, 67; Hogs, 8,860; sheep, 790.

Shipments—Cattle, 697; hogs, 3,123; sheep, 873.

THE HAIR BRUSH.

Breeds Dandruff, which Causes Falling Hair and Finally Baldness.

Prof. Unna, Hamburg, Germany, European authority on skin diseases, says that dandruff is as contagious as any other malevolent disease, and that one common source of the spread of dandruff is the use of the same hair brush by different persons. The way to avoid catching dandruff or any other disease from another's brush, is to insist on the use of Newbro's Herpicide. It not only kills the dandruff germ, but it is also an antiseptic that will prevent the catching of any disease whatever through contagion of another's brush.

"UNCLE SAM" AT THE WORLD'S FAIR.

United States Will Spend $6,300,000 on the Great Educational Institution.

St. Louis, April 6.—The United States government will expend a total of $6,600,000 in support of the Louisiana Purchase exposition which is to commemorate the centennial anniversary of the most important event in the history of the great American republic, with the possible exception of the signing of the Declaration of Independence.

The first appropriation made by congress was for $5,000,000 which, by the terms of the law appropriating it, is to be returned to the government out of the receipts of the exposition company before any dividends are paid to the stockholders; none of this $5,000,000 is to be paid out of the national treasury until the $5,000,000 raised by private subscription, and the $5,000,000 appropriated by the city of St. Louis have been paid out for building the world's fair.

The government originally appropriated $250,000 for the erection of a building at the fair in which to house the government exhibits. When the work of preparing the exhibits got under way, however, the chief architect of the treasury department discovered that a building large enough could not be erected for this sum, and upon his recommendation $200,000 more was appropriated.

The estimated cost of collecting, installing and maintaining the Philippine islands exhibit, under the direction of the war department, is $250,000. For other government exhibits, including the fish and fisheries exhibit, $800,000 has been appropriated, this being one of the items in the sundry civil bill which passed that house of representatives April 2, by a unanimous vote.

In addition to the above appropriations of $20,000 for special life saving corps exhibit, $40,000 for the Indian exhibit, and $40,000 for the Alaska exhibit, have been made, making a grand total of $6,600,000.

But "Uncle Sam's" interest in the great educational undertaking is not measured alone by the dollars provided by congress, for the president, the cabinet members, the employes of the government in every department, are enthusiastic and full of determination to make the Louisiana Purchase exposition the grandest educational achievement in the world's history.

KENTUCKY WILL NOT DOWN.

Commercial Organizations of the State Will Put Up $100,000 for World's Fair Exhibit.

St. Louis, April 6.—Kentucky will be represented at the Louisiana Purchase exposition with a state building, also exhibits in all of the big exhibit buildings, even if the legislature did neglect the state's interest by failing to make a world's fair appropriation. A delegation of Kentucky gentlemen interested in the commercial welfare of the Blue Grass state, headed by Clarence Dallam, president of the Louisville Commercial club, C. C. Stewart of Lexington, John H. Dunlap, W. H. Newman, C. H. Hungerford and R. E. Hughes of Louisville, called on President Francis of the exposition at world's fair headquarters this week to make formal application for a state building site and for space in the exhibit buildings for Kentucky.

Mr. Dallam stated that the Commercial club of Louisville had started the movement to raise the funds for the exhibit by private subscription, and that all the other commercial organizations of the state were assisting in the work. At least $100,000 will be raised, and the Kentucky exhibit will be installed in time for the opening of the exposition in 1903.

"When should the exhibits be delivered on the exposition grounds?" inquired Mr. Dallam.

Mr. Francis answered that three of the large exhibit buildings were under contract to be completed before the 15th of next October, and that exhibits could be received on the grounds as soon as they were completed.

Mr. John Barrett, world's fair commissioner to Asia and Australia, left St. Louis April 1, for the Pacific coast, expecting to sail near the close of the month for Honolulu, where he will spend a couple of weeks. He will then go to Japan, Korea, China, Burmah, Ceylon, Java, Siam and other Asiatic countries, also the Philippine islands, New Zealand and Australia.

GIVE EVERY PUPIL A CHANCE.

The Minnesota System of Preparing a World's Fair School Exhibit.

St. Louis, April 5.—During the meeting of the National Educational association convention at Minneapolis in July next, the Minnesota World's Fair commission will ask the school teachers of that state to hold a special session with a view to producing a Minnesota exhibit for the Louisiana Purchase exposition which will personally interest every pupil in the state. "We want every pupil in Minnesota to know about this exposition and to take a personal interest in it; every pupil should have a chance to contribute something," says State Superintendent of Schools Olsen.

Governor Van Sant writes: "Minnesota has always done well at national and international expositions, but we ought to make an especially good record at St. Louis. In a certain sense this exposition belongs to the west and Minnesota has been from the first greatly interested in it. We want to have the very best exhibit in every department of production that it is possible for our state to offer. We expect to be at the top in education, I am sure. I think every pupil in the schools should be interested in the educational exhibit which this great state is to send to the exposition. If the children of Minnesota are given a chance we need not fear for the result. With their enthusiasm and determination enlisted we may be sure that Minnesota's display in the educational building in St. Louis will be one of the very best."

It is especially desired to have the rural schools contribute largely to this exhibit. County superintendents will be asked to urge upon their rural teachers the advantage of getting the scholars interested.

William G. Smith, the well-known editor of the Minnesota school journal, has started the project of offering monthly prizes for the best papers sent in by rural school pupils on various subjects. By getting the pupils interested in the competition, he believes that an especially creditable lot of papers can be secured to constitute a representative Minnesota rural school exhibit at St. Louis.

Governor White of North Dakota and Governor Herried of South Dakota will visit the site of the world's fair at St Louis within a short time to select sites for buildings representing those two states. South Dakota will spend not less than $33,000 for her representation at the exposition.

The Mexican commissioners to the world's fair are Albion R. Nuncio, chief of the commission, Manuel de las Rierdas Fernandez, assistant; Maximilliano Chabert, education, liberal arts, anthropology and social economy; Bartolo Vergara, manufacturers and machinery; Louis Julio Roulat, electricity and transportation; Romulo Escobar, horticulture, game and fish; Eduardo Martinez Baco, mines and mineralogy; Senor Nuncio was chief of the Mexican commission of the Panamerican exposition and all of the gentlemen have had more or less exposition experience. Mexico is planning for a magnificent showing at the coming exposition.

How to Prevent Pneumonia.

You have good reason to fear an attack of pneumonia when you have a severe cold, accompanied by pains in the chest or in the back between the shoulders. Get a bottle of Chamberlain's Cough Remedy and use it as directed and it will prevent the threatened attack. Among the tens of thousands who have used this Remedy for colds and la grippe, we have yet to learn of a single case that has resulted in pneumonia, which shows that this remedy is a certain preventive of that dangerous disease. For sale by all druggists.

It is established by the testimony of thousands of women, that Dr. Pierce's Favorite Prescription makes Weak Women Strong and Sick Women Well.

Science is the foe of sickness. It is fighting sickness in all its forms and conquering it. Wherever there is a widely prevalent disease of special malignity science enters the field against it. It was the prevalence of womanly diseases which led Dr. Pierce to investigate the cause of ailments peculiar to women, and to seek a means of cure which might be put within the reach of every woman in the land. The result of Dr. Pierce's scientific studies and experiments was the production of Dr. Pierce's Favorite Prescription, a medicine with a record of cures of womanly ills which is without a parallel in the history of medical science. The fact of these cures is attested by hundreds of thousands of women. The permanence of the cures is proven by grateful women who after a lapse of years write in such terms as these. "It is now several years since I used Dr. Pierce's Favorite Prescription. I have had no return of my trouble. I am a healthy, happy woman, thanks to Dr. Pierce and his medicines." There are people who say that such cures are imaginary. The women who are cured don't think so. They know there was nothing imaginary about the backache, weakness and nervousness from which they suffered. They know that there was nothing imaginary about the scales which told constantly of a loss of flesh, nothing imaginary about the mirror which showed the hollowed cheek and dulled eyes. Above all they know that there was nothing imaginary about the bills they paid for medicines and doctors without receiving any benefit.

There is also nothing imaginary to them about the result of the use of "Favorite Prescription." No more pain, no more backache or headache. No more nervousness and sleeplessness. That's not imaginary. And there is one solid fact which there is no getting away from because it is written in solid flesh and can be weighed in ounces and pounds, and that is the gain of lost flesh which so commonly follows the use of "Favorite Prescription," together with the restoration of a clear complexion and a healthy color.

"I had female trouble for eight years," writes Mrs. L. J. Dennis, of 828 East College Street, Jacksonville, Ills. "Words cannot express what I suffered. *I sought relief among the medical profession and found none.* Friends urged me to try Dr. Pierce's Favorite Prescription. When I commenced taking this medicine I weighed ninety-five pounds. Now I weigh one hundred and fifty-six pounds—more than I ever weighed before. I was so bad I would lie from day to day and long for death to come and relieve my suffering. I had internal inflammation, a disagreeable drain, bearing-down pain, and such distress every month but now I never have a pain—do all my own work, and am a strong and healthy woman."

"In the spring of 1900 I became very ill," writes Mrs. Alviena Scholtz, of Lake Washington, LeSueur Co., Minn., "my back was very weak and ached so that I could do no work at all, so I was obliged to take to my bed. I wrote to Dr. Pierce and he sent me a very kind letter and advised me to take his 'Favorite Prescription' and 'Golden Medical Discovery.' I took six bottles of each and am a well woman now. I cannot say enough in favor of Dr. Pierce's medicines."

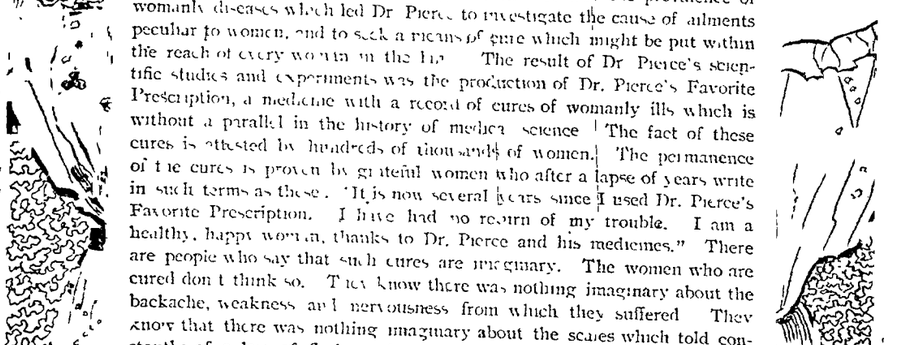

"I wrote to you for advice, February 4th, 1896," writes Mrs. Loma Halstead, of Claremore, Cherokee Nation, Indian Territory. "I was racking with pain from the back of my head down to my heels. Had hemorrhages for weeks at a time, and was unable to sit up for ten minutes at a time. You answered my letter, advised me to use your valuable medicines, viz Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery,' and 'Pleasant Pellets,' also gave advice about injections, bath and diet. To my surprise, in four months from the time I began your treatment I was a well woman and have not had the backache since, and now I put in sixteen hours a day at hard work."

Dr. Pierce's Favorite Prescription is a scientific remedy for the cure of womanly ills. It restores regularity and dries the drains which weaken women. It heals inflammation and ulceration and cures female weakness. It is invaluable as a tonic for weak, worn-out, run-down women, restoring them to perfect health and strength.

Sick women are invited to consult Dr. Pierce by letter, *free*. All letters are held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

A FREE OFFER! Any woman who will send stamps, to pay expense of mailing ONLY, will receive a copy of Dr. Pierce's Common Sense Medical Adviser FREE. This great and valuable medical work contains more than 1000 large pages and over 700 illustrations. Send 31 one-cent stamps (expense of mailing ONLY) for the cloth-bound volume, or only 21 stamps for the book in paper covers.

Address: Dr. R. V. PIERCE, Buffalo, N. Y.

THE MAKING OF ANAGRAMS.

"On Anagrams" is the title of an interesting chat by William Sheppard, in the April Era. Mr. Sheppard writes.

A correspondent has asked me to furnish him with some good anagrams on the names of famous people. He further informs me that he has spent a good deal of time trying to make an acceptable anagram on the United States, and has failed to do so. With reference to this failure, I would remind him that he must not be discouraged. The task he has attempted is an enormous one. United States has just a dozen letters. Now mathematicians will tell him that a dozen letters will admit of 7,029,000,-000 of possible transpositions. Old Camden has vividly described the vexation of soul undergone by anagrammatists when oft repeated effort, with an oft repeated approximation to success have finally resulted in loss of time and labor. "Some have been seen," he says "to bite their pens, scratch their heads, bend their brows, bite their lips beat their board, their paper, when they were fair for somewhat and caught nothing herein." Again let him comfort himself by the reflection that no one has yet succeeded in making a good English anagram on United States. Anagrammatists have been forced to fall back upon the more fluent and manageable Latin. It has been discovered that the letters forming United States may be transposed into the following Latin words.

In te deus stat. "God stands in thee."

Inde tutus stat. "Hence thou stand'st safely."

Dentatus est. "He has teeth," the "he" evidently referring to Uncle Sam.

'Desiste, nutat' 'Hands off, he shakes'" a sentiment which may have been applicable in 1861, when it was made, but is now, thank Heaven, without meaning or point.

Siste nudat te. "Stop, he strips thee," which might be revived today by the anti-imperialists in their warnings in Cuba and the Philippines.

A te desistunt. "They keep off from thee," which is exactly the attitude which the anti's wish the United States to assume towards Cuba and the Philippines.

A BREATHING SPELL.

If the consumptive could only keep from getting worse it would be some encouragement.

Scott's Emulsion at least gives the nature a breathing spell. The nourishment and strength obtained from Scott's Emulsion are a great relief to the exhausted system.

This treatment alone often enables the consumptive to gather force enough to throw off the disease altogether.

Scott's Emulsion brings strength to the lungs and flesh to the body.

Mrs. S. C. Warner's Remarkable Testimonial.

One of the most convincing testimonials to the efficiency of RIPANS TABULES as a positive cure for all stomach troubles is given by Mrs. S. C. Warner, whose home is situated about 4¼ miles north of the city of Burlington, Vermont.

Mrs. Warner is a long-time resident of the city and is well and favorably known in the community. Her testimony is direct and strong, and can be easily verified. She says: "I will be sixty-one years old next April, and all my life had been a great sufferer with dyspepsia and indigestion. Up to three years ago I was sure that nothing would help me, as I had tried almost every known remedy—none giving me much relief. One day my family physician, Dr. Lund, told me to try RIPANS TABULES, as he had found them of great benefit in several obstinate cases of indigestion and dyspepsia. I will say candidly that I had little faith in them or in any other medicine when I began taking the TABULES. Much to my surprise, I felt better within a day, and was soon greatly relieved. I kept taking them and continued to improve. I felt like a new woman, and my neighbors and friends saw a great change for the better in my health.

"Dyspepsia runs in the family; my mother had it for years, and other relatives have suffered tortures with it. I can't say too much in favor of RIPANS TABULES. Before I began taking them I could eat nothing but the very plainest food—a little bread and butter and tea being my principal diet for a long time. Especially was this true at night, and when I ate of something at all rich I quickly suffered in consequence. Now this is all changed. If I desire to eat anything extra for supper—cake, pie or other delicacies—I simply take a TABULE at meal time and before I retire. I feel perfectly safe in taking them and have never been troubled in the least.

"Then at dinner I can eat almost anything with impunity. Last summer I wanted a strawberry shortcake. For years I could not eat a piece of shortcake. You know, to be good it should be rich, and I am exceedingly fond of it; however, I always suffered much if I dared touch any. We were just saying, last Summer I wanted some and thought I would chance it, knowing of what benefit the TABULES had been to me. I ate some, and found that it agreed with me perfectly.

"Of course I take the TABULES regularly and as directed on the box, at every meal and before going to bed. I don't know how many boxes I have taken—several hundred at least, and I would not be without them for anything. A year or so ago I did stop taking them for a time, but concluded to begin again, they were of so much benefit. I like the popular five-cent boxes, with ten in a box, the best.

"Some of the neighbors have laughed at me for having so much faith in the TABULES, saying that I had more faith in them than I had in God; but of course this is not so. I have always been subject to bad sick headaches until I began taking the TABULES, and you can't know what a relief it is to be entirely free from these. It is truly wonderful the change it has made in me. My friends tell me I look and act twenty-five years younger. I have been a widow nineteen years and have had five children. They have all been helped by taking RIPANS TABULES, and I can't say too much in praise of the remedy.

"MRS. S. C. WARNER."

Endorsed by Her Physician.

Dr. W. S. Lund, a leading physician of Burlington, Vt., in an interview said:

"I have recommended RIPANS TABULES to my patients on many occasions as an excellent remedy for stomach troubles. I am a busy man, and am frequently stopped on the street by patients who suffer from dyspepsia and indigestion and desire me to treat them. Instead of stopping to write a prescription simply say: 'Take RIPANS TABULES.' They do so and are relieved."

"Did you recommend the TABULES to Mrs. S. C. Warner?"

"I believe I did, although I have recommended them so often that I don't remember. Mrs. Warner is my patient. I consider the TABULES a simple and effective medicine for all stomach troubles."

There is scarcely any condition of ill-health that is not benefited by the occasional use of a R.I.P.A.N.S Tabule, and the price, ten for 5 cents, does not bar them. 72 for 25 cents are recommended. For sale by druggists.

EVERY TOURIST GOES TO CRIPPLE CREEK DISTRICT. OVER THE SHORT LINE.

Because they want to see what is universally conceded to be America's grandest scenic route, and the wonderful gold camp. The usual expression is: "I would gladly sacrifice every other trip rather than miss the glories of that wonderful jaunt to Cripple Creek over the Short Line." The fare just now is only 50 cents round trip, and trains leave Colorado Springs at 10 37 a. m. and 4 30 p. m daily.

Why "The Rock Island Route?" Because

The service represents the highest degree of comfort and luxury. Our dining car service is the best on earth. There is nothing too good for the Rock Island or its patrons. We are happily situated as to our connections; not much trouble to get anywhere if you start with us. Discriminating travelers, people who know, use the Rock Island, they have been convinced. Why not YOU?

Ticket office No. 2 Pike's Peak ave, Colorado Springs, Colo.

25c One Way, 40c Round Trip.
5-day limit to Cripple Creek via Colorado Midland Railway.

Incomparable scenery over Colorado's best railroad—the Short Line. Low rates—50 cents one way, 80 cents round trip, limit five days.

"A STUPENDOUS ACCOMPLISHMENT"
"SCENIC ATTRACTIONS MARVELOUS"
"BETTER BUILT THAN 90 PER CENT OF THE RAILROADS."

These were the expressions of Dr. Wm Seward Webb, a practical railroad official, after a trip over the Short Line between Colorado Springs and the Cripple Creek district. Better see for yourself while the present low fare of $9 cents round trip is in effect. Trains leave Colorado Springs daily at 10:37 a. m. and 4.30 p. m.

Southeast Winter Resort Points.

This is the time to make a trip to **Low Excursion Rates to South and** some of the famous winter resorts where you will enjoy warm, unchangeable weather.

FOR SALE
SOME OF MY SPECIAL BARGAINS IN LAKE PARK ADDITION.
Many choice residence lots in the beautiful new Lake Park addition have already been sold. Since its formal acceptance by the city this addition is rapidly coming to the front. Its many advantages are apparent to all: its public school, church, city fire department, wide avenue, and, above all, its fine mountain, park and lake views, form a combination of attractions that are irresistible.
A number of fine residences are now under construction, the street car line is now complete to Prospect lake, electric lights are in this addition. For these and other reasons there is a strong demand for these lots. Furthermore, the price and terms of sale are most reasonable. For further particulars call on
S. T. JOHNSON,
Sole Agent, 22 S. Tejon St., Rooms 3-12.

PUEBLO REAL ESTATE.
A block of lots near Lake Minnequa overlooking the lake, fine investment to close out this fall, $2,700; will sell by September at $5,000.
Those business lots near store and bank in Bessemer going fast; have some frontage yet that will double.
Bessemer wants more business houses, rents all very high; any money invested brings quick increase.
Real estate very active in all parts. I have some choice residence lots advancing rapidly.
Have a corner with a brick two-story building, lot 106x130, one of the best business corners, for sale at a bargain; with little change can be rented at $300 per month; a snap; $8,500.
W. F. TOWNSEND,
Northern and Evans, Bessemer, Pueblo.

SOLD.

The four and five-room houses we advertised last week are sold. We have left the six-room modern house which we will offer on a very small payment down and easy monthly installments.
HASTINGS BROS., 22 N. TEJON ST.

DID YOU READ THAT THE TELLURIDE AND PORTLAND MILLS ARE SOON TO BEGIN OPERATIONS? Did you see the county teams at work grading the new road to the east of the Midland shops and through our new addition? Better get some of the cheap lots before there is an advance. Remember we assist parties to build if they need such help and furnish the material at lowest market prices. Lots are still $200 each. Call at office of Isaac Cahn Lumber Co., 602 W. Huerfano.

WE HAVE a close-in property on the car line, corner lot, 50x120, six rooms and bath, range, two open fireplaces, wired for electric lights. The price is reasonable and the terms very easy.
HASTINGS BROS., 22 N. TEJON ST.

FOR SALE.
A number of choice lots in choice locations; size of lots 50x210 feet; price ranging from $350 to $375.
If you want to buy a lot in a choice location it will pay you to investigate what I advertise. I find it don't pay to advertise only your special bargains.
S. T. JOHNSON.
22 S. Tejon St., Rooms 3-12.

LEGAL NOTICES

NOTICE OF STOCKHOLDERS' MEETING.
Notice is hereby given that there will be a meeting of the stockholders of the Rubicon Gold Mining company, in room 26, Postoffice building, Colorado Springs, Colo., on Tuesday, April 15, 1902, at 2 o'clock p. m., for the purpose of ratifying the action of the directors in accepting a proposition from Elizabeth Chard and associates to purchase the Rubie lode mining claim for 500,000 shares of the capital stock of the Princess Alice Consolidated Gold Mining company.
Frederic Williams, Secretary.
Colorado Springs, April 1, 1902.

VINDICATOR CONSOLIDATED G. M. CO.
(Dividend No. 17.)
Amount, $55,000. Total to date, $807,000.
Notice is hereby given that a regular quarterly dividend of three (3) cents per share and an extra dividend of two (2) cents per share have been declared upon all the outstanding stock of the Vindicator Consolidated Gold Mining company issued to date.
Payable April 25, 1902, to stockholders of record April 20, 1902.
By order of the board of directors.
F. J. Campbell, Secretary.
The International Trust Company, Denver, Colo., Transfer Agents.

NOTICE.
On Tuesday, the 15th day of April, 1902, at 3 o'clock p. m. of said day, at the paying teller's window in the El Paso National Bank building in the city of Colorado Springs, Colo., I will offer for sale to the highest bidder certificate No. 101 for twenty-one and three-fifths shares, and certificate No. 102 for four shares of the capital stock of the West Colorado Springs Land Co., which stock I hold as collateral security for a note for $1,800, dated December 1, 1896, payable four months after date, executed to me by A. H. Burke and J. G. Pendery.
W. S. Jackson.

NOTICE OF LOST CERTIFICATE.
Notice is hereby given that certificate No. 2214, for 100 shares of the stock of the Moon-Anchor Gold Mining Co., issued in the name of Mrs. Mary E. Hitchcock, was, on or about the 7th day of June, A. D. 1900, destroyed, lost or stolen while in the keeping of the undersigned brokerage firm, and that transfer of the same has been stopped at the office of the company and application made for the issuance of a new certificate in lieu of the one lost, destroyed, or stolen.
Edsall, Key & Co.,
Colorado Springs, Colo.

NOTICE OF DISSOLUTION.
The business of Ahlers & Sacket, Colorado Springs, Colo., has this day been sold to J. L. Ahlers and will hereafter conduct the creamery business in his own name. J. L. Ahlers will pay all debts of the old firm and is authorized to collect all moneys due them.

OFFICIAL RAILWAY ... 25 CENTS 166 ADAMS ST. CHICAGO

"THE SUBLIME ROUTE."
THOUGHT IT IMPOSSIBLE.
MOST WONDERFUL TRIP.

"Our whole family went to Cripple Creek over the Short Line. It certainly was the most wonderful trip I ever had in my life. I had no idea it would be possible to concentrate so much magnificent mountain scenery into so short a ride. You ought to call your road 'The Sublime Route.'" Thus writes a prominent citizen of Colorado Springs. It is the testimony of hundreds of thousands who have made the trip. The Colorado Springs and the Cripple Creek district a pleasure and a delight. Just at present the round trip fare is only 80 cents over this marvelous railroad. Trains leave Colorado Springs at 10:30 a. m. and 4:30 p. m.

25 cents to Cripple Creek by the Colorado Midland railway.

BRIEF CITY ITEMS.

WEATHER FORECAST

Washington, April 7.—Forecast for Colorado: Showers and cooler Tuesday; Wednesday fair; variable winds.

Satisfied people wear Ashby's spectacles.

CLEANING, pressing and dyeing well done. Colorado Springs Dye and Cleaning Works, 13 E. Kiowa. Phone 512.

AMENDED COMPLAINT—In the case of Little vs. Strubel a motion to file an amended complaint was granted and by agreement the hearing was set for April 17 at 10 a. m.

MARRIAGE LICENSES—Marriage licenses were issued yesterday to Robert Marshall and Nettie Handy, and to John Edward Deicy and Mrs. Ada Williams, all of Colorado Springs.

U. R. K. P.—All members of Pike's Peak company No. 10, Uniform Rank of K. of P., are requested to meet at the hall this evening at 8 o'clock for drill.

INCORPORATION—A certificate of incorporation of the Midland Social club was filed with the county clerk yesterday. Robert Hatch, H. C. Walker and F. R. Massey are named as the incorporators.

MARRIED—At 814 S. Nevada avenue, April 5, Edwin A. Elsworth of Woodland Park, and Katharine E. Heilman of Missouri Valley, Iowa. Rev. John Crawford officiated.

WOODMAN DANCE—Pike's Peak camp No. 5, W. of W., will give a dance at their hall this evening. This will be their last dance this season and will be something special. Fink's orchestra will furnish the music.

G. A. R. NOTICE—All members of Post 22, G. A. R., are requested to meet at A. O. U. W. hall, Colorado City, today at 1:30 o'clock, to attend the funeral of the late comrade, Richard J. Stewart, company E, Twenty-sixth Iowa infantry.

WARRANTY DEEDS—The following were among the warranty deeds filed for record yesterday: Darwin Barnes to Sarah Catterson, lot 1, block 6, Prospect Heights addition, stamps indicating a consideration of $3,000; F. R. Hastings to Colorado Springs company, lots 13 and 14, in Hastings Bros. addition.

YOUNG LOVER—Two Pueblo boys, Bertile Muse and Glen Roberts, were arrested in this city on Sunday and were returned to their homes, whence they had run away. A few months ago Bertram Muse, a brother of Bertile, ran away and was arrested in Denver. He was but 12 years old but claimed that he ran away to earn money so he could marry his Pueblo sweetheart.

LEWIS MORRISON'S STAGE DIRECTION.

Lewis Morrison, in addition to being the best living Mephisto, is trained in all the detail of stage work. His insistence on the absolute accuracy of lights, scenes, music and properties is greatly responsible for the beauty of the new production of "Faust" in which he will appear at the Opera house next Saturday. Several thousand dollars have been invested in the new scenery, costumes and prologue, and the Morrison eye is swift to see and the Morrison ear is swift to hear any active or proposed misuse of these effects, which are dependent on each other to gain the necessary ensemble. Several skilled electricians and mechanics were rehearsed for many hours daily before the Devil was entirely satisfied. The effect of these wearisome hours of discipline is visible in the exquisite shading of the lights in the Brocken, garden and apotheosis scenes, as well as in the new prologue, which is one of the strongest scenes of the play, lyrically, musically and dramatically. Lewis Morrison has appeared 5,000 times as Mephisto and the present production is said to be the most elaborate he has ever given to this play. The scenery, costumes and electrical effects are all new. The prologue is new. The instrumental and vocal music is newly composed, while the artists selected to interpret the music were drawn from a well-known New York conservatory, and, with the added attraction of Lewis Morrison himself as Mephisto, the forthcoming production of "Faust" at the Opera house will prove an unusual event.

REDUCED RATES

over RIO GRANDE R. R. to Idaho, Montana, Oregon and Washington points, March 1 to April 30. Call at Rio Grande uptown office, 16 N. Tejon St., for full particulars.

The Dress Goods Stock

Is now better equipped than ever before to supply your every want in the latest novelties as well as the staple fabrics.

THE PRICES? = LOWEST IN TOWN

Mohair Sicilian 59c a yd.

38 inches wide, choice colors. This is our regular 65c quality and this special price is for a few days only. Mohairs are very much in demand for summer skirts as they are light, cool, serviceable and good dust shedders.

Nuns Veiling 75c yard.

44 inches wide, new colors. One of this season's most popular light weight fabrics for dresses and waists.

New Satin Stripe Challies

Plain and figured, selling rapidly for dresses, waists, dressing sacques, kimonas and tea gowns, 69c and 75c a yard.

WASH GOODS SPECIAL

25c a yard.

For 39c Mercerized foulards. All the beauty and style of foulard silks at one-fourth the cost.

Canvas Etamine $1.00 yd

44 inches wide, all the newest colors. A medium weight of this most stylish fabric, which is very much in demand because a silk lining is not required as in the lighter weights.

French Albatross $1.00 yard.

44 inches wide and a large assortment of the new colors to select from. This is an extra good $1.00 value.

Wm. F. Read's Lansdowne

"The Queen of Dress Fabrics," in fourteen colors, 42 inches wide. All silk warps and wool filling.

PONGEE SILK SPECIAL

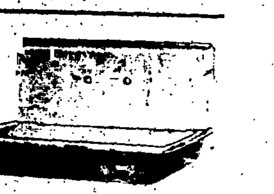

69c a yard.

For white striped Pongee silk, 19 inches wide. The proper silk for separate waists. Serviceable, too.

They're Warranted Reynier Kid Gloves, Sterling Black Silks.

Hibbard & Co.

19 South Tejon Street

A Neat Attractive Corner

in the home everyone likes to see. You will agree with us that the condition of things in the neighborhood of the sink can contribute or detract from the general appearance of the kitchen as much as any one thing.

The sink can be made especially attractive since the introduction of open plumbing. Nothing excels our line of roll rim sinks made in steel and cast iron, in white and blue enamel, with high backs. The smooth enamel surface needs only to be scalded and wiped with a cloth to make it as clean as a dish.

Your inquiries solicited.

Grand Spring Neckwear

BEAUTIFUL Creations in the shape of neckwear to go with the swell gowns or costumes for street, evening and reception wear. Our line will be found to be of unusual interest, as many of the styles are exclusive with us. The popular Golf styles, Oxford stocks with foulard ends, Oxford stocks with Pique ends, Oxford stocks with silk gingham ends, Oxford stocks with Oxford ends, Oxford stocks with percale ends, and in fact, every kind that could be had you will find here.

It being a fact that we are the recognized style leaders, we have anticipated your spring wants. We have at the head of our dress making department a competent New York madame in charge, also a competent French tailor in charge of our tailoring department. It will take only a short time for you to make a selection from our complete assortment of dress goods and it makes no difference how low the price may be, they must be right in style, shape and quality. Not even the minor details will be passed over hurriedly in the making of garments for the sake of a lower price.

Continuation of the Mammoth Carpet Sale Through This Week

Our last week carpet sale was far beyond our expectation. Many people took advantage of this sale, and in order to let those who were unable to attend last week we continue it for one week longer. We carry standard makes only.
